

Increased Production - Uncertain Labor Source For Glades Agriculture

City Supports Road Bond Issue

At its regular meeting Monday night the Belle Glade City Commission unanimously approved the resolution approving the \$300 million road bond issue, and calling on all citizens to seriously consider the question.

A copy of the resolution is being mailed to Lake Lytle, Phil O'Connell, and to Board Chairman Bowen. The governor is also being sent a copy of the resolution.

"Present indications are that the Glades will produce as much, if not more celery, corn, leaf vegetables, radish and potatoes as we did during the fall of '64" says a Glades broker whose business it is to know what he will have to sell, and what his fellow brokers will have to offer in competition, or at the same time.

"Snap beans appear to be continuing a dwindling production" says another broker.

"Estimating from the number of cars of seed potatoes that have been shipped into the area" says another vegetable broker, "there are about 1,000 acres growing in the Glades."

Celery acreage, is apparently keeping pace, if not a bit ahead of last fall's plantings, with acceptable transplanting weather prevailing in this area. Last year the Glades planted 8,985 acres of celery for the entire season. Harvest is expected to begin around the second week in November, with full harvest in January and on thru the spring season.

Sweet corn, it is estimated accounts for 11,300 acres so far this fall, with harvest already begun in comparatively small amounts. Betsy damaged some 200 acres of early corn. It is reported, "but other-wise fair fall growing weather has prevailed."

Leaf crops are hard to estimate, but apparently just as many are being planted as last year, with possibly a small increase, so far.

Radish with four-to-six harvests per season are off to a flying start and a sporadic harvest, with prices fair, it is reported.

Labor, the big question in everyone's mind, is as indefinite as to quantity as during the span of "dogooderism" inflicted on cane and vegetable growers last spring by desk visionaries who hold the whip hand supported by 1600 Pennsylvania Avenue, and the patronage-conscious US Senate.

"We estimate" says one Glades farmer, "that it will take at 25% more domestic to man the 28 celery harvesters in the Glades. Each takes 20 cutters, with a couple supernumeraries; it will take 25 domestics to man the same machines at a slower pace, and higher costs."

Many intended beneficiaries of the Economic Opportunity Order, home-work for home-folks (domestic), rockin'-cham-moy, free groceries, and supplemental rent donations, apparently misconstrue the intentions. Many are taking the attitude "What's the use of workin', or workin' too much or too fast? 'Uncle's given us our rights."

No permit for offshore workers has been issued, according to information in the Glades; and will not be until Friday of this week, and at an hour that denies any definite move to bring them in until another Sabbath has gone by.

So, apparently the Glades is facing a season of greater production, with no definite source of harvest labor pinned down for the vegetable farmer.

The cane harvest is some weeks away — what will they do?

Oct. 19 Shorthand Added To Adult Courses

Shorthand class will be included for Adults in Business Education held at Belle Glade High School.

In addition to the Book-keeping class which is held Monday and Wednesday 7:30 to 10:00 PM and Typing which is taught on Thursday 7:00 to 10:00 PM, a course in shorthand will be taught on Tuesday evenings 7:00 to 10:00 PM. An organizational meeting in shorthand is scheduled for October 19 at Belle Glade High School at 7:00 p. m. Anyone interested may register for this class by contacting Mr. James Rasco at 998-5553.

There is no tuition charge of these courses, however, there is a small registration and book fee.

These courses are designed for adults 18 years of age who are not enrolled in school.

The announcement was made through the office of the principal, Mr. Pellon Morris, and the Vocational Education Department of Palm Beach County.

Plans for the overall project in the City are about ready for final approval, and this will be the principal subject for the meeting.

"We will have a plan for the entire City" says the Doctor, "and we hope, and believe the general public will join with us in making the plan work."

Civitan Club Entertained By Singing Men

The Belle Glade Civitan Club was entertained at the Holiday Inn Tuesday by sixteen singing men from the Glades Correctional Institute.

As a part of its rehabilitation program, the singing men are permitted to appear before area church, civic and school assemblies.

Program arrangements were made through the offices of the institute by Civitan Don Aspey.

Guests at the meeting were Coach Harry Davis of Belle Glade High School, Junior Citizens Eddie Vandergift and Cliff Collins. Representing Glades Correctional Institute was Mr. Cook.

City Clerk Vera Jones, acting for the City Commission visited Walter Ashley expressing the "sincere appreciation for services rendered" as a 15-year member of the Board of Trustees of the Port Mayaca Cemetery.

The letter states that "you deserve a word of gratitude."

Mr. Ashley was replaced by the City Commission Monday night with the appointment of former Mayor, Mordecai LeBron Williams.

Dr. Kenneth Williams, President of Boca University, as Banquet Speaker, told his audience that Atlantic University is different from the normal concept of institutions of higher learning. Boca U. students are Juniors and Seniors, so far, and feed to a great extent from Florida's Junior College System.

"Teachers teach less and learners learn more" says Dr. Williams, "with visual and other modern aids to learning."

Henry Earwood, cattleman, Underwriter in the Life Field and former County School Board Member, was designated "Man Of The Year" by the Chamber of Commerce's Special Committee who are NOT Board Members, and the plaque of designation and dedication was presented by Dr. John L. Grady, Acting President on behalf of the Chamber and of the Community.

Mr. Earwood's honor came according to Dr. Grady, for his years of unselfish service to the Community, first, as Manager of one of the original Labor, Centers, later as a private citizen and a public official—County School Board—and lately as originator, organizer and Chairman of the Glades Canal Hazard Committee which includes membership from ALL the Glades.

Among the items which Mr. Weaver intends to deal with are the three hundred million dollar bond issue for roads which the state has in its tentative program with a proposed sixteen percent of this going to Palm Beach County, and seventy percent of this sixteen percent going to the Glades Area — and the school issues along with this bond issue which will be settled

Light Bulbs To Be Sold Wed. Oct. 20

Delayed from this Wednesday, the 13th until next Wednesday the 20th, the Lions Light Bulb Sale will commence promptly at 5 o'clock with the following Team Captains in charge: Don Fiehs, Ed Lively, Pellon Morris, Trouble Howard, Emil Wolf, Bunn McCall, (Shorty) Draa and Henry Earwood.

"This sale this year will allow customers to choose from the several sizes, instead of the heretofore assembled box with a fixed mixture of sizes. The light sale is for the benefit of the Blind Fund of the Lions."

Beautification Committee Meets Thurs.

Dr. D. E. Fiehs, Chairman announces that a meeting of the Beautification Committee of the Chamber of Commerce will be held at the Chamber Office Thursday night.

Plans for the overall project in the City are about ready for final approval, and this will be the principal subject for the meeting.

"We will have a plan for the entire City" says the Doctor, "and we hope, and believe the general public will join with us in making the plan work."

Road Bond Issue Will Be Discussed At Gove-School

Taxation with Representation will be presented by a two man panel on Monday night at Gove Cafeteria, eight o'clock PM.

Mr. Bud Weaver, County Commissioner for the Glade area, and Mr. Frank C. Anderson, Director of Finance for the city, will ably present the program. Questions may be asked from the floor.

Among the items which Mr. Weaver intends to deal with are the three hundred million dollar bond issue for roads which the state has in its tentative program with a proposed sixteen percent of this going to Palm Beach County, and seventy percent of this sixteen percent going to the Glades Area — and the school issues along with this bond issue which will be settled

by Mr. and Mrs. Citizens' vote in the coming election in November.

Mr. Anderson will speak on how the city tax money is allocated, and how the city is directly involved in the school program.

Gove parents and teachers are looking forward to this informative program, for they realize they are directly affected by the tax situation at home and at school.

Along with other business items, President W. L. Cunningham, Jr., expects to have the final culmination of Halloween Carnival plan ready for presentation.

Completing the program will be Rev. W. R. Boland and his Use Players in what is expected to be a most enjoyable feature.

Man Of The Year—

HENRY EARWOOD

Henry Earwood was distinctly honored as "MAN OF THE YEAR" at Belle Glade Cham-

ber's Annual Awards Night Banquet. Dr. John L. Grady (left) made the presentation.

11,300 Acres of Corn In The Glades -- How Many To Be Harvested?

Blood Donors For Chuck Rimes In Prospect By This Community

The HERALD's appeal for blood donors for the 24-year-old Chuck Rimes is bearing fruit from many sources in around Belle Glade. Welfare and other agencies have interested themselves in the immediate need for 33 pints of blood already used by the Jackson Memorial Hospital from the Bank of the National Hemophilia Foundation for Chuck, and sources have been temporarily arranged.

Due to the lack of equipment and facilities for taking fresh blood and transferring it to the Foundation in Miami, the local hospital is not able to take the offerings.

The West Palm Beach Blood Bank, however, has agreed that it's Mobile Unit will come to the Glades at an appointed time to take the blood, process it and forward it to Miami, if a minimum of 75 donors are pledged.

Mrs. Marie Causey is

Chairman for the BPW Club which has accepted the challenge to provide blood for Chuck, to replace that already used and for future needs.

Mrs. Causey reports that the 100 volunteers at the Glades Correctional Institute, authorities estimate that 89 will be found eligible as donors. A definite date will be appointed agreeable to the Mobile Unit operators and the OCI.

Other groups and organizations, including 19 high school students are planning offering blood for the young star.

Others who may desire to participate will be welcome, as Chuck faces years ahead when blood will be needed in varying amounts.

Over the weekend, the mother, Mrs. Bonnie Olden faced the emergency of a trip to Jackson Memorial after her days work after midnight to secure an injection for Chuck. These occasions appear without

much warning, and at uncertain intervals. Anyone interested may contact Mrs. Don (Marie) Causey at 998-5650 for definite information about the Mobile Unit.

Capacity Crowd Attended Chamber's Annual Banquet

Dr. Kenneth Williams
Guest Speaker

"My regard for the Glades, and particularly Belle Glade reached a new high when I attended your Chamber of Commerce Annual Awards Banquet" says John W. Garrison, Auditor of Selective Service and a person of state-wide acquaintance with Florida's communities, a student and keen observer. "I've never attended such an occasion that was more graciously conducted according to an

apparently planned program; nor have I, many times, heard such reports of action and progress. Yes, I can understand the enthusiasm of your public for your community."

This opinion of Thursday night's Chamber of Commerce Annual Awards Banquet, is a volunteered and undigested opinion similar to many expressed by guests.

BRENDA KAY COLLINS

Collins-Holt Engagement Told

Mr. and Mrs. James L. Collins, 980 S. E. Fourth Street, Belle Glade, Florida, announce the engagement of their daughter, Brenda Kay to Eddie Thomas (Bucky) Holt, son of

Mrs. John T. Pickett was her sister's only attendant. Basil Todd served his brother as best man.

Garden Club

Meets At 3 p. m.

Ralph W. Kidder will be guest speaker at the regular monthly meeting of Belle Glade Garden Club at the Club House in McDonald Park, today at 3 p. m.

An interesting program will be presented by Mr. Kidder using slides on birds and on Costa Rica along with comments. Mr. and Mrs. Kidder stayed for some time in Costa Rica in connection with his work at the Everglades Experiment Station.

Hostesses will be Mrs. J. P. Halbrook, Jr., Mrs. L. C. Williams and Mrs. Richard Hodges.

Garden Club Members Invited To Boca Raton

The Boca Raton Garden Club will be hostess club to the 10th District annual meeting on Friday, October 29th. Mrs. Arthur R. Mitchell, president, invites all garden club members in the area to attend. Registration will begin at 8:30, and call to order promptly at 9:30 A. M. at Biddletown, U. S. A. 600 N. W. 4th Avenue, Boca Raton.

A very interesting and informative program has been arranged, with the theme, "Education Began in a Garden," with key word, CONCENTRATION. Mrs. Charles H. Blanchard, State Federation president, and three other state officers are to be present. Other

state chairmen living in this district will be heard from also. State Tree Chairman, Mrs. G. A. Seastedt, will have an exhibit of trees for various purposes, and will have one tree seedling for each member attending the meeting.

Reservations should be made early through your local garden club president or secretary. \$2.00 includes registration, coffee, luncheon and capsule workshops.

Mr. and Mrs. John P. Franke are back home again for the produce season. They were in California and Maryland during the summer season.

Miami Musician And Artist Finds Belle Glade Ideal

Jessie Freeling, a native of Miami just moved to Belle Glade, combines music and painting, and the teaching of them, into a busy and rewarding occupation. She studied music

at the Miami Conservatory of Music from a very early age; studying piano under Edna Cole, theory under Sargent, and violin under Eda K. Liddle. Her viagraphone and marimba instructor was Thelma Van Steenberg. She attended Miami Edison High School and Florida Southern College playing in bands and orchestras in both, and later in community orchestras and as a soloist.

Miss Freeling began the study of art at the age of 12 at the Miami Art school and at College where she double majored in music and art. Her paintings are in oil, watercolor, casein, pastel, and black and white mediums. Florida landscapes are a specialty. They have been widely shown in Miami.

Following the natural scenery of Florida, she settled in Belle Glade to be closer to the Everglades scenes she loves to paint. Belle Glade is a perfect center from which to go into the different types of scenery typical of South Florida. Miss Freeling stated, "I am very pleased to find such great interest in the arts here, and I am looking forward to participating in the artistic life of the community."

Miss Freeling recently moved into her new home at 578 S. E. 5th St., Belle Glade.

Mrs. Charles Storey and baby daughter, Alissa, from Jacksonville are spending this week with Mrs. Storey's parents, Rev. and Mrs. W. R. Boland.

Doris Sims

Owen G. Todd

Wed Sunday

Mrs. Doris Sims and Owen G. Todd were married Sunday afternoon at 2:30 P. M. in the Chapel of Community Methodist Church by Rev. Paul Von-drack.

Mrs. Gordon Corbin, organist played pre-nuptial music before the ceremony. The floral decorations were beautifully simple, pink gladioli and white Fuji mums in brass vases. Two lighted candles were on the altar.

Mrs. John T. Pickett was her sister's only attendant. Basil Todd served his brother as best man.

The bride wore a shocking pink wool sheath dress with matching accessories and a white orchid corsage.

Mrs. Pickett wore a blue gown printed silk dress with matching accessories and a white carnation corsage.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. Frank C. Anderson. Assisting were Mrs. Billy Rawls and Mrs. William Cross.

Many friends of the couple attended both the wedding and reception.

"Why Grow Roses?" Topic Of Garden Study Club

Mrs. Helen Kabler of West Alexandria, Ohio was a guest. Members present were Mrs. Wayne Baughman, Mrs. Luther Jones, Mrs. J. I. Freedlund, Mrs. Emmett Harris, Mrs. Pauline Boydston, Mrs. Ray Roth, Mrs. E. A. McCabe, Mrs. LeBar Williams, Mrs. Milton Burry and Mrs. Howard Lamb.

The meeting was conducted at the home of Mrs. Thomas Bregger with Mrs. Janus Harris as cohostess.

In the flower arrangement contest, on miniature arrangement, Mrs. Howard Lamb placed first and Mrs. E. M. Van Landingham and Mrs. Ruth Wedgworth tied for second place.

A new member, Mrs. Howard Burdick was voted into the club.

Mrs. Luther Jones, program chairman, announced a workshop on Wednesday, November 3 at 9:30 a. m. at McDonald Park. Mrs. Shoemaker, Norfolk, Va. will be the speaker. Other garden clubs are joining the Garden Study Club in this workshop. Those attending are to bring a sandwich for luncheon.

Carol Epstein Graduates As Airline Hostess

Miss Carol Epstein of Pahokee graduated from National Airline Training School in Miami as an Airline hostess on October 1. Miss Epstein is a graduate of Pahokee High School and was employed at Baptist Hospital in Miami as a lab technician. She is the daughter of Mr. and Mrs. Henry Epstein of Pahokee.

WOMAN'S CLUB HOSTESSES for the luau each wearing a bright and colorful designed mumu are shown with the tableful of delicious food served last Thursday. Many of the dishes were from Hawaiian recipes. L-R is Mrs. Joe Murphy, Mrs. Emmett Harris, Mrs. Milton Burry, Mrs. Ted Daniels, Mrs. Tevis Hugely, Mrs. Joseph Orsenigo, chairman, and Mrs. Ivan Van Horn.

Hawaiian Luau Enjoyed By Club

Mrs. Walker

Gives Chapter

Program

Mrs. Paul Peters was hostess to the Epistol Chapter of Beta Sigma Phi Sorority, on Monday night, October 11, at her home. There were seventeen members present.

The program entitled "Express Yourself" was given by Mrs. Roger Walker. She displayed comical sketches showing different types of speakers and how they appear to their audience.

A business meeting was held following the program during which plans were discussed for joining the other chapters in operating a booth at the Halloween Carnival later this month. The Service Committee also suggested that members give blood to two and a half old Chuck Rimes who has Hemophilia.

The Chapter also voted to have the May Dance this year and to participate in the Sorority Christmas Dance with the other local chapters.

Delicious refreshments of Pumpkin Cake and coffee were served by the hostess following the meeting.

Mrs. Kathleen Livingston spent the weekend with her cousin, Mrs. Charles Leach and Mr. Leach in South Miami, and also visit friends, Mr. and Mrs. Mark Mahannah.

Stepping over on Monday for a visit with their son-in-law and daughter, Mr. and Mrs. Robert C. Lee were Mrs. Lee's parents, Mr. and Mrs. L. J. Stanley who were enroute to their home in Miami from Hendersonville, N. C.

Mrs. S. N. Knight, president of the Woman's Club of Belle Glade for the new year of 1965-66.

A colorful Hawaiian Luau honoring past presidents marked the first fall social meeting of the Woman's Club of Belle Glade last Thursday at the Civic Center.

Fourteen past presidents, including the first president, Mrs. J. F. Browne to the immediate past president, Mrs. William B. Rhodes were in attendance. There were 25 presidents, serving since the club organized in 1927.

The tables were beautifully decorated carrying out the theme, by Mrs. Ivan Van Horn. An arrangement with banana, flowers and

leaves, was most attractive. Mrs. S. N. Knight, president, wearing a lei of white mums, introduced the past presidents.

Following the delicious luncheon, Mrs. Milton Burry presented colored slides which she brought back from a recent trip to Hawaii.

More than 70 were present for the event.

Big Lake Baptist Meet To-day

W. M. U. Hears Program On Proclamation

The Women's Missionary Union of the First Baptist Church of South Bay will meet Monday, October 11th at 7:30 P. M. in the Education Building of the church for its first meeting of the new church year.

The president of the W. M. U. Mrs. James A. Fenton presided over the meeting and presented the Devotional to the group.

Mrs. Doris Davis, Program Chairman presented a program titled "Proclamation" with the following taking part on the program: Mrs. R. A. Hall, Mrs. Edwin Leathlean, Mrs. Edwin Sapp, Mrs. H. C. Willis, Mrs. Nancy Fenton.

The W. M. U. Officers for the 1965-66 church year are: Mrs. James A. Fenton, President; Mrs. Edwin Leathlean, Vice-President; Mrs. H. C. Willis, Secretary; Mrs. Doris Davis, Program Chairman; Mrs. W. M. Jeffries, Community Missions; Mrs. Jewell Partain; Children's Home; Mrs. Helen McKinley, Prayer Chairman; and Mrs. R. A. Hall, Mission Study Chairman.

Eleven ladies enjoyed the first meeting of the church year of the W. M. U. with the following attending: Mrs. W. M. Jeffries, Mrs. Nancy Fenton, Mrs. Helen McKinley, Mrs. R. A. Hall, Mrs. Edwin Leathlean, Mrs. Edwin Sapp, Mrs. H. C. Willis, Mrs. A. Edwards, Mrs. Minnie Hester, Mrs. Doris Davis and Mrs. C. J. Brown.

The 11th, Annual Session of the Big Lake Baptist Association will be meeting today, October 14th in the First Baptist Church of Clewiston with its moderator, Rev. U. W. Mal-

Church Of Christ Scientist

What was the meaning of Jesus' suffering and sacrifice? How does it apply to us today? These are the questions to be taken up at Christian Science church services this Sunday. The subject is "Doctrine of Atonement."

A chapter in the Christian Science textbook on "Atonement and Eucharist" will supply several passages for the Lesson-Sermon readings, including this one: "Every pang of repentance and suffering, every effort for reform, every thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement, — the atonement with God — for he lacks the practical repentance, which reforms the heart, and enables man to do the will of wisdom" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 19).

This passage from Philip-
pian (2:12) will be among the many Bible readings. "Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but as in my absence, work out your own salvation with fear and trembling."

erator, Rev. U. W. Mal-
son, pastor of the First Baptist Church of Moore Haven, presiding over the meeting.

The program consists of three sessions on Thursday with the Morning Session at 9:30 A. M., afternoon Session at 1:30 P. M. and the Evening Session at 7:15 P. M.

The Annual Sermon to the Association will be given by Rev. James A. Fenton, Pastor of the First Baptist Church in South Bay to close the Morning Session. The Doctrinal Sermon to be given by Rev. Cooper Marshall pastor of the First Baptist Church in Okeechobee to close the afternoon Session and the Missionary Message will close the evening Session brought by Rev. Genus Crenshaw, Home Missionary to the Indians of Florida.

All members of the churches of the Big Lake Baptist Association and friends are invited to all sessions of the Association.

Rev. Boland Back From Conference

Rev. W. R. Boland, minister at Community Methodist Church attended the Annual Pastors School Conference held at the Methodist Youth Camp, Leesburg, Fla., Monday through Friday of last week.

On Wednesday night, he visited with his daughter, Sally Ann Boland, a student at University of Florida, Gainesville. Following the conference on Friday he drove on to Jacksonville and spent until Saturday noon with his son-in-law and daughter, Mr. and Mrs. Charles Storey and baby daughter, Alana. Rev. Boland returned here Saturday evening accompanied by his daughter and grand daughter, who are spending this week at the Boland home.

Mr. and Mrs. Kabler of West Alexandria, Ohio, stopped over Friday morning to visit with friends Mr. and Mrs. Wayne Baughman, former students of West Alexandria.

CYNTHIA THIEBAUD

PATRICIA STEVENSON

New Members Of Rainbow

Cynthia Thiebaud, left, and Patricia Stevenson were initiated into the Order of Rainbow for Girls, Belle Glade Assembly No. 1. Miss Thiebaud is the daughter of Mr. and Mrs. William A. Thiebaud and Patricia is the daughter of Mrs. Alma Stevenson.

Worthy Advisor Susie Winterwood, presided at the initiation of the girls and also lined up activities for her term of office. It was announced initiation of new members will be held Oct. 18 at the regular meeting.

A regular communication October 26th will hear Lawrence E. Will on "Landmarks."

On the 18th Rainbow Assembly No. 1 will have an initiation at 7 p. m. The Rainbow Board will hold a special meeting at 7:30.

The regular meeting of Masters and Wardens Association will be held on the 17th at 2:00 P. M. in the Northwest Lodge No. 303.

The O. E. S. Chapter No. 197 will resume regular meetings on the first and third Thursdays at 8:00 p. m.

Do With Love

"Be watchful, stand firm in your faith, be courageous, be strong. Let all that you do be done in love."

— 1 Corinthians 16:13, 14

If we know the meaning of love, and stand firm in our faith, we shall not permit the instinct for self-preservation to motivate our every thought and deed. We must love someone other than ourselves, let us love life so dearly that we grab and grasp and take — and never give and share and help.

Man was not made for selfishness. Man's greatest hope — the promise of eternal salvation — was born in the example of a great sacrifice.

Stand firm in your faith; stand on principles; do with love — and you shall enjoy the rewards of a fruitful life.

Read your BIBLE daily and GO TO CHURCH SUNDAY

Newly Decorated Sanctuary Ready For Worship Services

The First Baptist Church of South Bay will be worshipping in their newly decorated Sanctuary on Sunday morning, October 17th, according to the Pastor, Rev. James A. Fenton.

The Sanctuary has recently been repainted and decorated. Some 36 pews of Elm Wood with a golden Oak finish will be installed for the Morning Worship Service from the Leird Manufacturing Co. in Little Rock, Arkansas. New Pulpit, Communion Table and Flower Stands have also been purchased for the newly decorated Sanctuary.

Carpeting will be also installed in the Sanctuary and westside from the Dan Broadway Carpet Co. in West Palm Beach in time for the Sunday services.

The cost of the new pews and pulpit furniture, carpeting and redecorating of the auditorium is approximately \$6300.00.

All members of the church and visitors are encouraged to be present for the Sunday Services with Sunday School at 9:45 A. M.; Morning Worship at 10:50 a. m.; Evening Evangelistic Services at 7:00 p. m. and the Training Union Hour at 7:45 p. m.

It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most High.

— Psalm 92:1

SOME years ago, during family worship week, our pastor's wife invited several families to her home for evening devotions. She encouraged the gathering to make thank offerings a part of our family worship.

At the close of the service, she called each member of her family to the family altar. Each one brought an offering in cash or kind, placed it in the plate, saying a few words of praise to God. One thanked God for passing the school examination, another for recovery from illness, a third one for a birthday. The pastor thanked God for manifold blessings he received during his ministry in the parish. His wife then handed over the offering to the parish treasurer who was present in the meeting.

We can all praise God for the salvation Christ offers and for Christian fellowship in the world. We can praise God for being called to serve Him in our daily life. For all these blessings each of us needs to say "Thank you, my God."

PRAYER: Our heavenly Father, help us to praise Thee in our home, in our church, and in our hearts. Guide us to witness for Thee in our daily life and to serve Thee with gratefulness. In Jesus' name we

HOW'S YOUR HEARING?

By Rev. O. R. Smith

The emphasis upon listening in our day is even more pronounced than it was when Jesus declared, "Take heed what ye hear: with what measure ye mete, it shall be measured to you: and unto you that hear shall more be given."

Today, psychologists listen to the emotions rather than words, medical doctors hear the heart beat and check the flow of air by ear. Mechanics can tell what needs fixing on your car by listening to the misses and skips. Nor would any, but the least informed deny the attentiveness the space technicians give to the astro-nauts as they check the health of their hurtling charges. Jesus' advice is giving heed to what we hear is even more important now.

His emphasis is not on the number of opportunities we have, but rather on WHAT SHOULD YOU HEAR? The very familiar refrain, "Are your ears clean?" applies here. Are you listening to garbage or wisdom, filth or glorious truth, smutty jokes or the greatest preaching on earth the best or the worst, the cheap and shoddy or the cheap throbbing more excellent way of life.

Does what you hear lift the souls of men or tear them down and drag them in the muck of life's sordidness? Is what you hear based on love that lifts or hate that hurts?

His shows us that the measure of thought and study given to the truth heard will be the measure of virtue and knowledge that comes back to us. Blessed is the man whose delight is in the law of the Lord and in His law doth he meditate both day and night.

Mr. and Mrs. John Mears and son, Johnny, of Riviera Beach spent Friday night and Saturday as guests of Mr. and Mrs. L. C. Williams and attended the Riviera Beach-Belle Glade football game. The Williams and Mears were dinner guests Friday night of Mr. and Mrs. Hugh Ruder.

Daily Devotions

Listen to Daily Devotions brought by the Belle Glade Area Ministerial Association at 12:55 daily Monday thru Friday. The program is sponsored through the courtesy of WSWN.

Ministers participating this month are:

Rev. H. J. Ponce, First Rev. R. J. Roseman, St. Peter's Lutheran - Oct. 11-15.

Rev. M. W. Sindle, Church of God - Oct. 16-22.

Rev. O. R. Smith, Nazarene Church - Oct. 23-30.

Mikell Named Chairman Of C of C Membership

President Thos. Baker has named Wayne Mikell, Vice-President, and Cashier of the Bank of Belle Glade, as Membership Chairman for the Chamber of Commerce for the immediate administration year. Says Dr. Baker, "Mem-

bership Chairman has his job cut out for him this year following a successful year just passed, and I am sure that Mr. Mikell, with his selection of helpers will bring the membership roster above its present number."

Thibaut Family Will Move To Key West

Donald Roger Thibaut, manager for Lindsay Lumber Company the past 3 1/2 years, was recently promoted to manage the Key West store, and began his duties there last week.

The family, wife, Judy and daughter Cheryl, 5 1/2, will be moving as soon as housing is available there. While wishing them well in their new home, the community regrets their passing. He is especially happy because there are no Sergeant yelling at him. Friends may write to him at the following address: Pvt. Edwin L. Whitlock 4th E. T. C. Box No. 453 U.S. O&S Aberdeen Proving Grounds, Md.

Seaman Darnell Returns From Mission

USS HOEL (DDG-13) (FHT) NCJ Set. 28 — Seaman Apprentice Willard Darnell, Jr., USN, son of Mr. and Mrs. Henry W. Darnell, of 209 N. W. Ninth St., Belle Glade, Fla., returned to San Diego, Calif., Sept. 11 aboard the guided missile destroyer USS Hoel, following operations with the Seventh Fleet in the Western Pacific.

During operations with the Seventh Fleet, Hoel provided air defense for attack aircraft carriers launching air strikes against targets in Viet Nam and conducted search and rescue operations for downed pilots. During breaks in fleet operations Hoel visited port in Japan and the Philippines.

Airman Roberts Transferred To Sheppard AFB

SAN ANTONIO, Tex.—Airman Jerry Roberts, whose guardians are Mr. and Mrs. Willie Miles of 520 S. W. Ninth St., Belle Glade, Fla., has been selected for technical training at Sheppard AFB, Tex., as a U. S. Air Force communications specialist.

Airman Roberts recently completed basic military training at Lackland AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically-trained personnel for the nation's aerospace forces.

The airman is a graduate of Lake Shore High School.

Pass - Punt - Kick Contest Draws 65 Juniors

Cocher Carder (center) with Jr. Hi footballers Billy Thiebaud (l) and Sonny Crawford.

Sixty-five boys age eight to thirteen years of age participated Saturday morning at the High School field in the PASS, PUNT AND KICK contest held annually by Ford Motor Co., with Coach Burke assisted by Coach Carder handling the scoring.

The winners of each age group are shown below, together with their pictures.

The winners from the Belle Glade area will compete in zone contests, followed by District competition, and on to Area decisions.

Each winner will receive some gift from the Watson Ford Co., and prizes will be given to the winners on the way to the final contest.

Area winners will go to Division (east and west) and from there the division winners will go to the national contest to be held in Miami on January 9th.

In the 8-year olds, Charles Anderson won first place; Jerry Vulgamore, second and Paul Orsenigo third.

Russell Walker, won first place in the nine-year-old class; Greg Klanjac was second and Charles Marquess was third.

Johnny McLeod won first in the ten-year-olds; Charles Brane was second and Denny Baughman third.

In the eleven-year-olds, George Haines was first; Craig Cooper, third and Jim Wright, second.

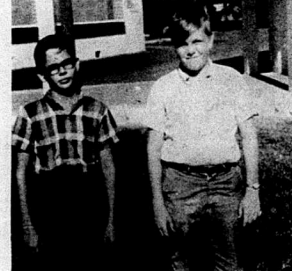

Mr. and Mrs. Benny Powell and children of Pompano Beach spent Saturday night visiting Mr. and Mrs. Eugene Richey and son. On Sunday they visited his parents, Mr. and Mrs. J. E. Powell.

Jack Hooker and Miss Elaine Hopkins from West Palm Beach were guests of his parents, Mr. and Mrs. John Hooker during the weekend.

Miss Kay Gilbert, Miss Francis Ball and Miss Anna Marie LaChance, students at Florida State University, Tallahassee came home for the weekend and attended the Belle Glade-Riviera Beach football game here Friday night.

Thas. Close (L to R) third place; Steve Close first and Mike Williams, second place. These are 10-year-olds.

Vernon Shurley, 3rd place and Walter McDaniel, 2nd place; Bill Thiebaud, first place winner, is not shown. These are 12-year-olds.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Wee Care Children Learn—

Wee Care Child Development Center, in its second week of operation is living up to its name in program and instruction for pre-

school ages. The children served by the Center for working mothers is more than a home away from home. "Their little minds

That the milk they drink comes from a cow... "that the cow is kind and lovable." 35 Kindergarten children and 40 toddlers thoroughly enjoyed this experience.

and bodies are being molded and conditioned at this stage for the type of American Citizens that we can be proud of," a worker said "and are being exposed to all the courtesies and respect together with culture and common sense on their level."

The picture above demon-

strates some of the practical exposures they will receive. "Many of them did not know the milk they drink came from a cow. And that the cow was kind and lovable," an instructor reported. They not only help to milk the cow but were able to pet the cow and watch her reactions.

Debris Cluttered Yards Dangerous Fire Hazards

A backyard cluttered with leaves and other debris is a dangerous fire hazard, the American Insurance Association reports.

The Association offers the following suggestions to homeowners:

Be especially careful not to let dry leaves accumulate near the house or in

roof gutters. Never burn rubbish outdoors unless it is permissible under local regulations. If outdoor fires are permitted, never start one on a windy day.

Burn trash and leaves in a covered metal container. As a precaution, keep your garden hose hooked up and

Self-Help Is Cheapest Most Effective Quickest !

Palm Beach County's school board estimates it will require 11.42 mills of local funds to operate the schools during the next two years, 1986 through 1988, it is announced.

Authorization for six of these 11.42 mills will be subject to the November 2 school millage referendum. Most of the revenue raised by local county millage taxes is used to finance the instructional part of school budgets.

School tax referendums are held every two years, but county school budgets are adopted annually. The total nine mills levied to support this current 1985-86 school budget, involves the voters' authorization given at the 1983 referendum.

This year's authorization will be for the 1986-87 and 1987-88 school years. State law requires county school boards to estimate their budgets two years in advance. They then go to the voters and ask for their authority to raise money to meet the costs to operate the schools during the next two years.

Palm Beach County has frequently not used the full millage authority given its school board by the voters in these biennial referendums. School board chairman Louise B. Bills, for example, has pointed out that Palm Beach County schools have actually levied less taxes than they were authorized to do, during the past two years.

As stated, most of the money raised from millage taxes, is used for actual instructional needs of the schools. This is seen when the current school budget is studied.

This year, the state is supplying \$11.66 million for Palm Beach County schools, while county taxes are sup-

such items as bus transportation and maintenance (including custodial services and repairs to buildings), less than \$3 million.

Therefore, most of the county millage tax pays for the instructional programs, including much of the classroom teacher salaries. Incidentally, each mill tax produces more than \$2 million, in a budget where the largest item of expenditure is instruction. The average cost of educating each child in Palm Beach County is \$431.40 a year.

Quickie Recipe of the Week

COTTAGE CHEESE VEGETABLE FILLING

- 1 cup creamed cottage cheese (1/2 pint)
 - 1/4 cup finely-chopped green pepper
 - 1/4 cup finely-chopped celery
 - 2 tablespoons finely-chopped onion
 - 1 tablespoon chopped parsley
 - 1/8 teaspoon salt
 - 2 drops Tabasco sauce
- Beat cottage cheese until smooth. Stir in remaining ingredients. Makes about 1 1/2 cups filling.

Rosenwald School Celebrates Nat'l School Lunch Week

In celebration of National School Lunch Week October 10-16, Rosenwald Elementary School planned an all-Florida products menu for Tuesday, October 12, with special arrangements made for visitors.

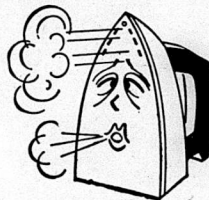

Parents and guests are being asked to visit the lunchroom at their convenience during the week as well.

"Where Service M

The Yankees Will Lend The Money -

The Tourist Will Repay The Loan

We Look at the \$300 Million Road Bond Issue

Few topics in Florida in recent years have become as controversial as the Road Bond Issue to be voted on Nov. 2. It's been branded as "purely political," the "last gasp of the Pork Choppers," as "nothing but pure pork barrel," as "a way for Haydon Burns to be elected again."

On the other side of the fence there are such slogans as "a tremendous safety program," as "the only way we'll keep our tourists," as a complete salvation of "the little towns who were by-passed by the turnpike and the interstate routes."

Somehow in between these two sides is the real truth in the matter. Governor Haydon Burns did propose the bond issue. Since he is one of the most politically-conscious chief executives in recent Florida history, and since he'll run again next year, perhaps the "political" charge is justified.

However, a huge majority of both the Senate and the House voted for the bond issue. It split across political lines completely. The Palm Beach delegation, certainly no Burns-owned organization, voted unanimously for the bonds. Two are Republicans and three are Democrats, yet they believe that the Road Bond Issue is a must for Florida.

The vote in the Senate split such friendships as Sen. Ed H. Price of Bradenton, Sen. Doyle Carlton, Jr., of Wauchula and Sen. Reuben Askew of Pensacola, Carlton, former gubernatorial candidate and one of the most respected men in the Senate, is for the issue. The other two — no less respected and certainly as able, are against it.

Perhaps Boca Raton's Thomas F. Fleming, Jr., is as responsible for the bond issue as any other man. Not that he sponsored it in the Legislature — he didn't. But the success of the 1963 construction bond issue for universities and junior colleges proved that this sort of financing was not only feasible, but popular with the electorate.

So Burns and his associates picked up Fleming's formula and submitted it to the Legislature. There are charges that the program to four-lane the roads was hastily conceived, and poorly drawn because much of the proposed construction would be done on highways where traffic isn't too heavy.

Part of this is justified, for some of the roads do not run through congested traffic areas.

On the other hand, the Sunshine State Parkway and the Interstate routes were built where there were no roads, and these are being used at a much higher rate than anyone, even the most optimistic, ever believed possible.

Let's look at what the bond issue really is. On the ballot, we will vote "yes" or "no" on a law that authorizes the issuance of twenty-year bonds in an amount not to exceed 300 million dollars without further legislative approval for the construction and reconstruction of Florida primary roads into four or more lane highways. It provides that the state will pay 50 per cent of the costs of rights-of-way acquisition of these roads. Pledged for repayment of the bonds for the next 20 years are one and one-half cents of the existing 4 cents "fisc" tax on gasoline. The Legislature is authorized at a later date to increase the amount of the bond issue, providing approval is given by a two-thirds vote in both houses. However, such an increase would not require approval by the people in a public referendum.

What do we in Boca Raton and Palm Beach County get out of the total of 1,241.1 miles of four-lane?

Not a lot, actually. U.S. 441 would be four-laned to Margate on the south to where it is already widened and to South Bay on the west.

But there are a lot of "connector" links all over the state which would enable any traveler from Boca Raton to stay on four-lane roads to almost any other major point in the state. This isn't possible now, or will it be possible anytime in the near future unless this bond issue passes.

For some areas of the state the four-laning project will be a Godsend. The lower west coast, for example, has only one major highway — U.S. 41, which is two-lane most of the way. The percentage of wrecks on this road is extremely high. The widening of U.S. 27 would help our neighbors around Lake

Okeechobee and would open the Florida ridge country for a pleasant drive from the lower east coast.

Proponents of the bond issue also say that the program will

not cost "one cent of additional money." It works like this: Our normal primary construction involves an expenditure of \$55 million per year.

Where the Roads Go

DESCRIPTION	APPROX. LENGTH OF IMPROVEMENTS (MILES)

TOTAL PROGRAM MILEAGE	
Major Route Improvements	1,147.7
Arterial Connectors and Urban Improvements	93.4
TOTAL	1,241.1

Multiply this by 20 years, the life of the bond program and you have the sum of 1 billion, \$100 million. Under the bond program normal construction will continue at the rate of \$40 million per year. This equals \$800 million over the 20 years, and by adding the \$300 million of the bond issue, you arrive at the \$1,100,000,000.

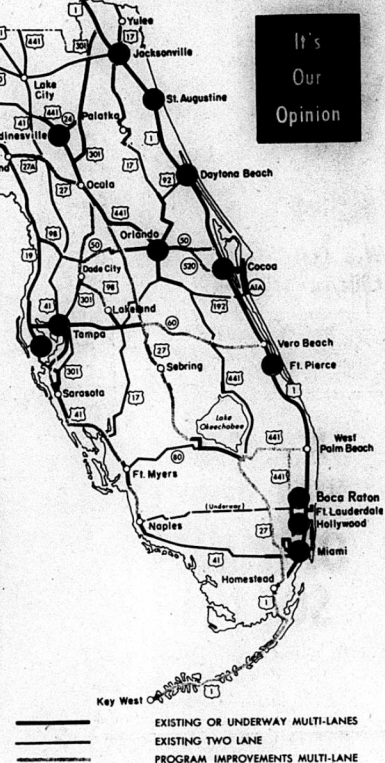

What about the interest, which will amount to \$113 million? Proponents — and some disinterested engineers, too — say that with construction costs rising so rapidly, and with rights-of-way costs jumping even more, almost \$100 million can be saved by building now rather than during the 20 years ahead. Another \$24 million is to be accumulated by reserve and trust funds.

Statistics of construction and land purchase over the past decade would tend to prove that this contention is correct; that this much saving can be made.

These are the main arguments for and against the bond issue. In our opinion, the issue was hastily conceived, and has a slight smell of pork; but Florida is such a dynamic, growing state and the roads are needed so badly, that we have no choice except to build these highways now.

Besides, even if additional tax monies would be required, the highways would cost each citizen of Florida another \$3.50 per year, or just about 10 packs of cigarettes.

Let's have our roads now. Vote FOR amendment 4 on November 2.

It's Our Opinion

Why Worry? We Need Roads!

Opponents of the \$300 million Road Bond Program think politically — and in this instance not logically, we believe! The bonds will be issued, and Northern-controlled money will buy them, at most favorable interest rates.

Why do you borrow on the Old Home, the new car, the color television — to enjoy now what you can't buy now, except for the loans?

Why did the Glades Sugar House, the Atlantic Sugar Co., the Florida Sugar Co., the US Sugar Corp., the newly built refinery at Clewiston — INCREASE FACILITIES? They saw more business, more profit — they're progressive!

If these roads are not built you and I will bumpy-de-bump over narrow, crooked, wavy roads for a long, long time!

Tourists come by the millions, and they're increasing each year; and with interconnected four-lane roads, the increase is predicted to accelerate. The first four cents of gas tax guarantee the bonds, and less than 25% of this is needed to REPAY. So, if the 15 million tourist who came last season increase by 25%, each of the five-year periods in the life of the bonds (four times); if additional industry is induced to come to Florida — THE TOURISTS will repay the bonds and THERE'LL BE NO ADDITIONAL TAXES!

Our friend and fellow Publisher — Jim Jessie of the Boca Raton News kindly permits us to reproduce HIS editorial and HIS map, which we offer our readers. We may not agree 100% with his observations, BUT, we concur 100% in his conclusions! VOTE FOR FOUR LANES!

PROCLAMATION

WHEREAS, the local Business and Professional Women's Club is observing National BPW Week, and WHEREAS, this organization was founded in 1919 for and by business and professional women, and WHEREAS, the purpose of the organization is: To promote the interest of business and professional women; To bring about a spirit of cooperation among business and professional women in the United States; To elevate the standards for women in business and the professions; To extend opportunities to business and professional women through education along lines of industrial, scientific and vocational activities.

NOW, THEREFORE, I, BILL J. BAILEY - Mayor of the City of Belle Glade, Florida, by virtue of the authority vested in me, do hereby proclaim October 17, 1965 through October 23, 1965 as

"BPW Week"

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Seal of the City of Belle Glade, Florida, this 12th day of October, 1965.

Bill J. Bailey, Mayor

ATTEST:
Vera C. Jones, City Clerk
(SEAL)

Pink Ladies Open New Gift Shop

The Women's Auxiliary of Glades General Hospital held a luncheon meeting in the hospital cafeteria Tuesday at 1:30. There was a large turnout of members. Mrs. J. Allen Baker, president, presided.

Special reports were heard and Mrs. Irvin Zumph announced the remodeling of the South wing of the old hospital building in preparation for patients.

The lovely new gift shop of the hospital opened October 4th. Mrs. Murray Weeks and Mrs. R. E. Matthews are Pink Ladies in charge. The gift shop will be open from 9 a. m. to 8 p. m., seven days a week. Everyone is invited to come out and browse around. A large selection of toys and gifts are on display.

Mrs. L. L. Price announced a contribution from former resident, Hugh Bratley in St. Petersburg for a memorial for the late Mrs. Bratley and himself. Mrs. Baker, Mrs. Guy Wood and Mrs. Thomas Bregger were named as Awards Committee.

An invitation was read inviting Auxiliary delegates to attend the State Auxiliary Convention convening in Miami Beach, Nov. 21-23 at the Fontainebleau Hotel. Volunteering to attend were Mrs. Bill Bailey and Mrs. Ellie Morgan.

Jefferies Family New Residents

Welcomed as new residents to Belle Glade community are Mr. and Mrs. A. D. Jefferies and family, who are now in their spacious new home at 888 S. E. 2nd Street.

"We're going to love it here," Mrs. Jefferies, who has lived both north and south of Florida, exclaimed. Native Canadians, they went to Peru some years ago to get away from the cold winters, and lived there eight years, where Mr. Jefferies was controller for a mining company. The past five years they spent in Puerto Rico.

Mr. Jefferies is the new controller for Okeelanta Sugar Company and began his duties there in the spring. The family stayed at the Royal Palm Beach Inn while their home was being constructed.

A daughter, Ellen, 18, is attending her first year at the University in Ottawa, Ontario, Canada. Laurie, 15, is a 10th grader at Belle Glade High School.

Altar Society Hears History Of Church Music

Members of St. Philip's Altar Society enjoyed a most interesting and informative discussion on the constitution of the Sacred Liturgy as it regards music in the church.

Vernon Dexter, music director of St. Philip's Benizi Catholic Church traced the history of Church Music from Biblical times to the present. He stated that Music should be sung by the faithful as a prayer at Mass or other church services.

During his talk he played excerpts from recordings to illustrate the various phases of Church music. At the business session with Mrs. Carl Lockmiller, Presiding, it was announced the Annual Spaghetti Supper will be held on Oct. 21 at the Parish Hall. Serving will begin at 5:30 p. m.

New 4-H Club Is Organized

After getting organized at a previous meeting, a group of girls met Tuesday at the home of Mrs. Milton McKay and decided on a name for their club, to be known as the Belle Glade Nitwit 4-H Club.

Officers elected last week were President, Susan Jackson, Vice-President, Cathy Nelson; secretary, Ann Linderman; Treasurer, Debbie Lewis; Song Leader, Kathy Sheffer; Devotional, Joyce Jones.

The group also made plans for a Halloween Party.

The club meets the first and 3rd Tuesday of each month. Any girls in the 7th through 9th grades interested in joining the club may call Mrs. McKay at 996-2917. There is room for six more members.

Following the meeting Mrs. McKay served refreshments.

Manager Keen of Sears Roebuck's Belle Glade Store has just received fifty washers and dryers with instructions from the Boss to Sell Them." As a part of his campaign to do what the Boss wants, Mr. Keen has circulated Belle Glade and surrounding territory with descriptions of the bargains he has — Washers from \$79 up, and dryers of all description.

The half page ad in today's HERALD gives you some idea of the supply and their features. The six ladies pictured here are on duty to demonstrate the appliances, and answer whatever questions you may have.

The White House National School Lunch Week, 1965

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A Proclamation

WHEREAS the national school lunch program, now in its nineteenth year, makes available a wholesome, appetizing lunch to over 18 million children in 70,000 schools which participate in the program; and WHEREAS this program helps to provide many of our less fortunate children with a well-balanced and nutritious diet which enhances their vitality and their ability to obtain the maximum benefit from the learning process; and

WHEREAS the national school lunch program encourages the domestic consumption of food which is made available in unprecedented abundance through the efficiency of our farmers and our highly developed food marketing systems; and

WHEREAS the national school lunch program is an outstanding example of a local-State-Federal partnership to protect the health and well-being of the Nation's children and thus to strengthen the national security; and

WHEREAS, in order to recognize the value and achievements of the school lunch program, the Congress, by a joint resolution approved October 9, 1962 (78 Stat. 779), has designated the seven-day period beginning on the second Sunday of October in each year as National School Lunch Week, and has requested the President to issue annually a proclamation calling for the observance of that week:

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, call upon the people of the United States to observe the week beginning October 10, 1965, as National School Lunch Week with ceremonies and activities designed to increase public understanding and awareness of the significance of the national school lunch program to the child, to the home, to the farm, to industry, and to the Nation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this eighteenth day of September in the year of our Lord nineteen hundred and sixty-five, and of the Independence of the United States of America the one hundred and ninetyeth.

LYNDON B. JOHNSON
(SEAL)
By the President:
DEAN RUSK
Secretary of State

Scout Leaders Brush Up on Skills

Adult Leaders At Showando

Participating in the Gulf Stream Council-wide Showando at Tanah-Keeba Boy Scout Camp Saturday, Oct. 9, were 1-4 James Bryan, Troop 621; Billy Dean, Troop 601; Vic Riedel, Troop 621; Marilyn Felsing, Troop 621; Bob Allen Troop 622.

To Attend FS & L Meet

The Florida Savings and Loan League will hold its 42nd annual convention at the Doral Beach Hotel on Miami Beach beginning on Sunday, October 10 and ending Tuesday, October 12, according to William D. Hussey, executive vice-president of the League. Advance registrations indicate this year's convention will be attended by over 850 savings and loan officers, directors, and wives. Representing the Everglades Federal Savings and Loan Association of Belle Glade will be members of the Board of Directors, Richard A. Fuston, W. R. Hooker, William B. Rhodes, R. D. Apolgren, Claude L. Shirley, James Ball, Jr., R. E. Mathews, B. A. Roemer. According to Hussey, plans call for three days of business and recreational activities. Both morning and afternoon business sessions are scheduled, along with the annual convention banquet which features the presentation of certificates of recognition to 18 officers and directors who have ser-

Cub Scout Pack 622 Has Advancement Nite

Advancement was the highlight of the Cub Scout Pack meeting held Friday night, Oct. 1, at Jameson Hall, which opened with the Flag Ceremony. G. F. Pittman, chairman of the advancement committee presented pins to the following: BEAR — Greg Kianjue and David Goodlett. Greg also

received one gold and one silver arrow point. LIONS — Reggie Caruthers, plus one good and two silver arrows.

WEBELOS — advanced into Boy Scout Troop were James Stevenson, Bryan Cross, Bruce Wells, Robert J. Allan, III, Rickie Shoemaker.

ARROW POINT — Jeff Harris.

The attendance count was one by the Webelos, with Den 2, second and Den 6, 3rd.

Certificate of Thanks was presented to Den Mother, Mrs. Mary Alma Stevenson and an animal head was given to Lester Rhudy.

A panel discussion was conducted by Den Mothers and Cub Master Frank Thomas, concerning questions which parents might wish explained to them about cub scouting in general.

The meeting was closed by Rev. W. R. Boland, pastor of Community Methodist Church.

Trail Signs, Observation, Trail Tents, Tin Can Craft, Hobo Stove, Animal Tracks Plaster casts, Axe Safety and Contact Axe-manship. The Rally included - Flag pole lashing contest, Tent peg driving, Relay, Can Opening Relay.

For supper each one cooked their own steak and etc. in foil on charcoal. My! It was sure good after a day out in the open. Around the campfire inspiring talks were heard before the group left for home.

A Tense Week For Cuban People

Esta semana ha sido semana de miedos. Con tantos barcos cubanos trayendo a parientes de Cuba. Todo movimiento, todo sentimiento y toda actividad en los cubanos se prenden como una luz. Y se senta la tiente en todo cubano la esperanza de traer a los suyos.

Todavía presente tenemos la emoción de la visita del Santo Padre, Papa Pablo VI a las Naciones Unidas en New York. Sus palabras sabias, sencillas, inteligentes y amables. Su manera admirable y sencilla al enfrentarse con los problemas de actualidad.

This week has been full of emotion. With so many Cuban ships bringing relatives from Cuba. Every movement, every sentiment, and every activity among the Cubans was lit up like a light. And one could feel latent in every Cuban the hope of bringing their own kin.

Present still we have the emotion of the Holy Father, the Pope Paul VI's visit to the United Nations, in New York. His words full of knowledge, simple intelligent and kind. His admirable and humble way of confronting the problems of the present.

Mr. Ramon Corona, former governor of the Oriente province, in Cuba, was guest speaker at the Civic-Patriotic Act for the Cuban residents, which took place Sunday, October 10th at 5 p.m. in the Belle Glade Community Center, commemorating the start for the First War for the Cuban Independence.

Besides Mr. Corona, other speakers were Mr. Enrique Molina, Ernesto Campa, and Paco de la Vega, speaking all of them with lots of emotion on our Country's Independence date, the dictatorship in Cuba, our customs and ideals, and our position here in the United States.

Mr. Ramon Corona

Mr. Ramon Corona, ex-governor de la Provincia del Oriente en Cuba, nos dio la palabra en el Acto Civico-Patriotico que para los Cubanos aqui residentes tuvo lugar el domingo 10 de Octubre, a las 5 de la tarde, en el Civic Center de Belle Glade, en conmemoracion del inicio de la Primera Guerra por la Independencia de Cuba.

Ademas del Sr. Mon Corona hicieron uso de la palabra, los señores Enrique Molina, Ernesto Campa y Paco de la Vega. Todos hablaron con mucho sentimiento sobre nuestra patria de Independencia, la dictadura en Cuba, nuestras costumbres e ideales, y nuestra posición aquí en los Estados Unidos.

Asistieron: La Sra. Josefina Corona, Sara Molina, Angelita de la Campa, Maria Luisa de la Vega, Herminia Sanchez Agramonte, Honoraria Gollita, Cora y Eduardo Montalvo y su hijo Eduardo, Lucy y Calixto Garcia Iniguez, Anita y Calixto Garcia Velez, Maria y Pablo Carreno, Coralito y Hector Ortiz, Ricardo Elizalde y Sra. Orestes Brunet, Yoyi y Pepin Bueno, Maggie y Carlos Riva, Adela y Jorge Iglesias y su hija Ma. Adela, Chuchi Orizondo, Angelica y Tony Martinez, Raquel y Arcadio Camman, y su hija Lourdes, Amparo y Cheto Alvarez, Mercedes Hernandez y su hija Silvia, Marta y Emilio Gollita, Conchita y Jorge Bustamante, Loli y Jose E. Castro, Margot y Jorge Bustamante, Pedro Rubiales, Mari Rubiales, Mimi Porro, Juanita y Alfred Webb, Maria y Eduardo Sanchez, Silvia y Tony Arraza, Carmen Tudela de Blanco, Virgilio Sanchez, Jorge Argueles, and Mr. and Mrs. Jose Larrondo.

Present were many children of the above families. The Patriotic Act was very emotive.

Organizations representing at pueblo Cubano en el Exilio, le dieron un homenaje al Honorable Thomas J. U.D. Senador de los E. R. U. por el estado de Connecticut, por su incansable labor en favor de la libertad de Cuba.

Fue una comida el Sabado 2 de Octubre, en el Hotel Dupont Plaza, a la cual asistieron 650 personas de distintas organizaciones.

Entre los miembros ejecutivos del R. E. C. E. (Representación Cubana del Exilio) se hallan Ernesto Freyre, Vicente Rubiera, Jorge Mas, Miguel Echevarren, Jose M. Bosch, Pedro G. Mendive, Eudaldo A. Suarez, Miguel A. Garate. A esta organización pertenecen muchas apreciadas personas de nuestra sociedad Cubana. Hallándose sus oficinas en 1744 W. Flagler St., Miami, Fla.

Church News

Monday, October 4th was the feast of SAINT FRANCIS OF ASSISI, who became a monk, and although son of a rich merchant of Assisi, directed his life by the Gospel words: "do not possess neither gold nor silver..." and lived a life of strict poverty.

He had a vision of God, in the woods, and is the founder of the Franciscan Order, at present mundanly known and followed by many faithful.

El lunes 4 de Octubre fue la festividad de San Francisco de Asis, quien se hizo sacerdote, y aunque hijo de un rico comerciante de Asis, se rigio por las palabras del Evangelio: "no poseais ni oro ni plata," vivio su vida en la pobreza mas estricta.

Tuvo una vision de Dios, en los montes, y es fundador de la Orden Franciscana que en la actualidad es mundialmente conocida y seguida por muchos fieles.

Tomorrow October 15th, is the feast of SAINT THERESE, great and worthy child, in the service of the Lord.

This day is the feast day of Mrs. Maria Teresa Larrondo and her grandchild, also Mrs. Teresa Alvarez, wife of Gilberto Alvarez, of the charming teenager Mari-Tere, who is a student of the Teresa Garcia, recent grand mother of Octavio Garcia, Cia Jr. and of Pretty Mari-Tere Porra.

Manana dia 15 de Octubre, es la festividad de SANTA TERESA DE JESUS, digna y grande pluma, al servicio del Señor.

En ese día es el santo de la Sra. Maria Teresa Larrondo, y su nietecita Mari-Tere, como tambien de la Sra. Teresa Alvarez, esposa de Gilberto Alvarez, de la encantadora teen-ager Mari-Tere del Campor, de la Sra. Teresa Garcia, abuela reciente de Octavio Garcia Jr., y de la linda Mari-Tere Porra.

Don Jose Fernandez Garcia celebrated his birthday on October 4th, in the company of his children and grandchildren.

Don Pepe is very much loved in our Cuban Colony in Belle Glade, and has lots of Cuban and American friends.

Congratulations.

Sunday, October 19th Jose Luis Larrondo y Cano was 17 year old, young student of St. Paul's School, Concord, New Hampshire; where he is making his studies. Teresa celebrated her birthday on Sunday, October 13th, in the company of her family, in Belle Glade. Congratulations.

Reciba nuestra mejor felicitación, que siga con empeño sus estudios y su arte musical.

Lillian Tomeu

Lillian Tomeu, Cuban cheerleader of the Junior High School, of 13 years of age, daughter of Rita y Enrique Tomeu, who will give her cheer in the Pep-Rally today Thursday, in the Junior High Assembly.

And tomorrow there will be a game among the Team High boys of the Team The game will be open to the public.

Last Friday was the victory of the Belle Glade RAMS, 16-0 over the Riverview BEACH HORNETS. Followed by the Victory Dance, at the School Cafeteria.

Honour for the RAMS! Tomorrow the 15th they will play against Clewiston.

El viernes pasado fue la victoria, ya que los RAMS de Belle Glade, 16-0 sobre los BEACH HORNETS de Riverview Beach. A lo cual siguió el Baile de la Victoria en la Cafeteria del Colegio.

¡Arrriba los RAMS! Manana dia 15 jugaran contra Clewiston.

Teresita y Eduardo Gomez in the Rockie Mountains

Teresita y Eduardo Gomez in the Rockie Mountains, where they spent their vacations recently. Teresita celebrated her birthday last week, and Eduardo yesterday October 13th, celebrated his birthday. Many happiness to both sister and brother.

Birthday Party

Mrs. Jake Newman was honored with a surprise birthday party at her home on Monday night. The guests were Mr. and Mrs. Charles Newman and son, Mr. and Mrs. Keith Stiles of Clewiston, Mrs. Ruth Newman and children, Mrs. Eck McKinley and Steve of Belle Glade.

LETTERS TO THE EDITOR

I want to voice my opinion AGAINST cutting down the trees along the highway.

It seems that they have served as a great sentinel for many people out of the canal as any ground rail will ever do, at much less expense.

There are some people who are not caring for beauty, and I think they must be the ones so intent on cutting down the trees. I enjoyed the drive along the roads where the trees are, and it makes me sick to see the way they have been slaughtered.

This same question came up when Fuller Warren was governor. A lot of the trees were cut down then and they all have been cut down if the Garden Clubs and a few other interested parties had not intervened. There were pros and cons then too—but it turned out that the tree-cutting job was a political plum and somebody made a lot of money for himself in the deal. The main argument against the trees then was that their roots would ruin the pavement until someone in the know said that couldn't be so because the roots turned to the canal for water.

As for what Florida Power and Light and Southern Bell have to say, I have no ear. They don't know where they want to put a power line until they see where somebody else has a tree growing. Then it seems to delight these companies to send out their tree topping crews (L&N) is having

Lake Harbor Elementary Students Hold Field Day

Field Day for the first grade was held at Lake Harbor Elementary School Oct. 8th. Blue ribbons were awarded to the following

ing services put under ground at his ranch) Everytime it thunders in Georgia the lights go out in Belle Glade, and the trees just give Fla. Power and Light a good excuse in this area for poor service.

I'd like to know the people who planted the trees along the highway and the palms that formerly lined the Main Street of Belle Glade. They had an eye for beauty and plans for the future.

Our canals were formerly lined with poinciana trees, I understand. This same group of men that is eyeing the "hazardous" trees along the roadside—I wonder if they have ever thought of how to preserve what claim to beauty we have and maybe PLANTING SOME MORE TREES—

Power and Light to find a way to get underground? Let's go along with Lady Bird and keep the trees!

BIRTHS
Mr. and Mrs. Elbert Hester are announcing the arrival of a new granddaughter last Tuesday named Lenora Elizabeth, whose parents are Mr. and Mrs. Don Varnell of Clewiston.

Hospital Notes

Mrs. Lee Eckman, who was admitted to Glades General Hospital last Friday for observation and treatment, is improving daily and expects to be released within the next few days.

South Bay Plans Bigger, Better Carnival

South Bay has long set a record in the Glades for successful Halloween Carnivals — last year's event grossed some \$2500, but workers are not daunted that this year's spooks and goblins celebration will be bigger and better than ever.

Principal Hector Ouellette and PTA president Eric Hartline are co-Chairmen for this year's carnival. Mary Waters will again supervise the parade activities beginning at 4:00; Judy Sullivan is again chairman for the annual barbecue, which will begin at 5:30; and the Carnival fun is expected to begin around 8:30.

Plans will be discussed at the Monday night PTA on October 18.

A-3/c Crawford USAF Graduate

DENVER, Colo.—Airman Third Class John K. Crawford, son of Mr. and Mrs. Homer E. Crawford of South Bay, Fla., has been graduated from the technical training course for U. S. Air Force munitions specialists at Lowry AFB, Colo.

Airman Crawford, now qualified to load, assemble and dispose of explosive munitions, is being assigned to Eglin AFB, Fla. He becomes a member of the Tactical Air Command which provides combat reconnaissance, aerial firepower and assault airlift for U. S. Army forces.

The airman is a graduate of Belle Glade (Fla.) High School.

Adult Math Class Begins In So. Bay

An adult class in modern Math will get underway in South Bay with an Orientation Class, beginning at 7 o'clock Monday night, October 18, at South Bay School.

George King is the instructor. Some 40 adults are presently enrolled for the school, according to Principal Hector Ouellette.

Williams Discusses School Amendments

Eric Hartline, President of the South Bay PTA announced that a speaker from the County School Board will explain the amendments to be voted on in the November election, concerning the schools.

There are five questions affecting the school administration: 1. Whether to have seven or keep the five board members, as at present; 2. Eliminate the salaries of School Board members — they now receive \$3,000 per year and no expense allowance; 3. Abolish the school Trustee system; 4. Make the office of County Superintendent appointive by the Board, rather than by election, as it is now; 5. The proposal for a six mill addition to the present budgeted millage, for school improvement and

building. Our own Board Member, Jimmy Williams, it is announced, will be the speaker and the meeting begins at eight o'clock.

100TH CONSECUTIVE DIVIDEND

Investors MUTUAL INC.

This regular quarterly dividend of 11 1/4¢ per share derived from investment income, plus a distribution of 25% per share dividend representing income from realized security profits is payable on September 30, to shareholders of record as of September 25, 1965.

Is the world ready for 40 new tigers?
It is... if they all look like this!
The tiger scores again!

Who'd ever have thought Pontiac would make cars for just about everybody? We did. Sleek Bonnevilles for swingers. Sumptuous Broughams for luxury lovers. Star Chief Executives for people who like their luxury connected to a low price tag. An improved

version of the fabulous Grand Prix. Catalinas that come in convertibles, station wagons, sports coupes, hardtops, and sedans and four exciting Venturas. But if you're a real tiger at heart, you'll want to try the formidable 2+2. And there's more below...

You've heard of the ultimate tiger—the GTO with 335 or 360 hp. (Who hasn't?) But if you like tigers and prefer them more on the manageable side, the Le Mans is your car. You can order a 250-hp regular-gas V-6, a 285-hp premium-gas V-6, or the 207-hp version of

our new overhead cam six when you specify the special sports package. And the 165-hp OHC-6 is standard on the Le Mans, Tempest and Tempest Custom. How's that for openness? **Wide-Track Pontiac/66**

Come to tiger country. See all the Wide-Track tigers at your Pontiac dealer's.

Outstanding Fungus Control!

Dyrene effectively combats early blight, late blight and Rhizoctonia... Increases Celery Yields... Upgrades Quality
Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In years of cooperative research and commercial use, Dyrene has proved its outstanding

control of important fungus diseases that attack celery. Growers from every major celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage... does not affect flavor or odor when used as recommended. For finer celery and more of it, use Dyrene. It works! See your farm supply dealer.

Belle Glade's C of C Annual Award Banquet Honors Earwood-Wedgworth-and Will

Continued From Page 11
Bob Lee emceed the Banquet, with vocal music as a starter, and carried the program from opening prayer by Rev. Paul Vondracek to the Presiding Officer, the special introductions, acknowledgement to the Garden Club for decorations and on to the timely closing.

Vice President, Acting President, Dr. John L. Grady in the absence of Pete McClelland, delivered the

Special Awards, which included the Governor's Citation and Plaque to George Wedgworth for his accomplishments in the Industrial field, as well as a special award to Author-Historian Citizen, Lawrence E. Will for his contribution to the recording and perpetuity of Glade History, as well as his outstanding contributions in fire prevention and control.

George Wedgworth's contributions to Glades Agriculture, including crops and

beef cattle, his leadership in the conception, planning, construction and operation of the Glades' largest sugar house — the 53-farmer-owned Sugar Cooperative, were among the assets of the community spoken of in the presentation.

Lawrence Will and his father, the late Dr. Will, built the first residence at Okeelanta, Captained boats, from a 16-foot skiff to diesel driven launches, carrying passengers and freight to the Glades. He was Belle

Glade's perpetual Fire Chief from its incorporation until his recent retirement for the field of the Historian.

Mrs. June (Pete) McClelland is carrying to Pete the gavel he used as President of the Belle Glade Chamber in honor of his work, and as a memento. Pete is now in Jacksonville and the family will join him soon.

Mrs. Elly Morgan, the principal of "Ally Morgan at the Organ" rhyme, enchanted music lovers with her performance on the Grand Piano during the program.

Mayor (Hizzoner) Bill Bailey, made the official welcome, praised the work of the Chamber, and pointed out the cooperation between them and the City Fathers to build the Pavilion ready for the Kissimmee Boat-A-Cade, and the securing of \$35,000 from the State Recreational Committee in Tallahassee for matching work on the Marina.

Dr. Thomas P. Baker, President-elect was inducted by Acting President John Grady, with praise for the work he has done in Chamber activities over the years, particularly in membership work.

More than 250 folks, and many from out of the area, were present to lend a coun-

ty-wide influence to the meeting.

Senator Jerry Thomas was present; Lake Loyal, County Commission Chairman was here; County Commissioner Bud Weaver and City Manager Tevis Huguley were accompanied by their wives.

Gene Robinson, Administrative Assistant to President Ken Williams of Boca U., came along with his wife. Gene, we have known well in the Glades, first as Secretary to Congressman Rogers and later in other public service.

The entire City Commission of Belle Glade was present, as were representatives of South Bay, Clew-

iston, Pahokee and other Glades communities.

The new directors for the Chamber were presented to the group by President Grady.

Representative Emmett Roberts who led the long and tedious legislative job of securing official recognition and appropriations for Boca University in the House, introduced Dr. Williams, with a list of "Who's Who" of the Doctor's in Education, Administration and business.

The Doctor has the background and experience and education IN EDUCATION and he reflected this in his pedantic presentation on his role as Schoolmaster at Boca.

Pull-Togetherness Does It!

In listing the progress of the Chamber of Commerce to the more than 200 attending the Annual Banquet and Awards night, at the Holiday Inn, Thursday night, Dr. John Grady, senior vice-president and Acting President in the absence of Pete McClellan, impressed his audience with the Chamber's accomplishments.

Three items gave the Chamber cause for pride—

- The Recreation Committee of the Chamber, of which Emmett Roberts, Fritz Stein, Luther Jones and LeBron Williams are members, working with the C & SF Flood Control District's John Stretch, succeeded in securing \$35,000 of State matching funds for construction at the Marina, as a part of the Lake Okechobee Islands Recreation Area long-time planning;

- The success of the Marina in entertaining two major Boat-A-Cades, the Okeechobee Waterways Committee and the annual Kissimmee Boat Club's outing with more than 200 boats, despite a migrating "Tropical Disturbance." The building of the Pa-

villion and other works at the Marina by the City were key attractions for the Kissimmee group.

- The Chamber's Canal Hazard Committee, which under Henry O. Earwood expanded to an All-Glades membership, and which "brought home the Bacon" with guard rails being erected in southeast Florida, is an accomplishment of signal importance.

The issuance of a four color brochure for distribution to visitors here, as well as from Florida's Welcome Stations, according to Dr. Grady, is a combined effort of the Chamber and the City of Belle Glade.

Dr. Flieh's chairmanship of a Beautification Committee, which is being organized community-wide, is reportedly planning effective and full coverage for the immediate community.

Accomplishments are visible and utility is practical.

The Chamber of Commerce deserves your and my applause and cooperation. THE HERALD salutes the Belle Glade Chamber of Commerce.

Why Not Labels For Filth

Congress, preoccupied with the enactment of a statutory requirement for the labelling of packages of cigarettes might well consider a similar statutory requirement for the labelling of publications containing required to state on the jacket or cover of the publication. It could be simply done. The publisher could be told the number of pages containing filth and the per cent of these pages as against the total number of pages contained in the publication.

Under such a provision the controversy of freedom of speech and censorship with respect to obscene material could be avoided. There are many persons, even lacking higher education, who instinctively reject the

idea that the bathroom should be in the parlor. If publications were clearly labelled as to their filth content, offending the sensibilities of those who might believe that the search for truth can be pursued elsewhere than in the sewer, can be avoided without becoming involved in the hysterical censorship or freedom of the press controversy.

It might even well be if the Surgeon General were to explore the relationship between filth and mental health. Our tax supported state universities can supply from faculty and students alike ideal subjects for controlled scientific research.

Public Service Magazine

ONTARIO, CALIF., REPORT: "Radical" was the term used by Sen. Wallace F. Bennett. "Socialist" was the word Sen. John Tower selected. Other adjectives employed by congressmen were "foolish" and "incredible."

They were words used to appraise the multibillion

dollar housing bill when it received Senate approval. . . . One portion of the legislation is particularly difficult for the Republican senators to accept. It is the rent subsidy provision which calls for the U. S. government to help pay the rent for low income families. It seems odd that during the nation's most rapid advance in gross national production we also find it necessary to enact such omnibus welfare measures as the anti-poverty law and the new housing legislation."

Celery is the most recently developed of all the world's popular vegetables but already is so highly esteemed in America that it takes an annual total of 1.5 billion pounds to satisfy the nation's appetites.

The Belle Glade Herald

"Our Hometown Newspaper"

The HERALD prints new about YOU, YOUR friends and acquaintances.

The HERALD prints very little about the "man going to the Moon" unless he's from the Glades;

The HERALD prints very little about the World Series, unless one of the players is from the Glades; or unless you or your friends go to the Series.

The HERALD prints stories of Viet Nam, IF a Glades boy is assigned there in the Service, or some local person visits there.

The President of Boca University becomes a personage when he visits the Glades; the Governor's Cabinet members become important to the HERALD when they visit the Glades, or someone locally visits them in Tally.

What Hometown folks do is of interest to Hometowns.

The HERALD doesn't compete with TELEPHONE, Television, TELEgraph.

The HERALD doesn't compete with large dailies.

The HERALD acts as a MIRROR to the Glades — as any newspaper does to the community it serves.

How do you like the reflection of the GLADES in the HERALD?

The HERALD INVITES you to call or write the activities of your clubs, social organization, civic groups, cultural, vocational or avocational get-togethers.

The HERALD invites you to write the Editor your thoughts — they must be signed, even though you request omission of name; many such "Letters To The Editor" initiate healthy discussions of questions and help to form and solidify solutions.

People — LOCAL people — are our stock in trade.

Our right to attract and hold readers is restricted by nothing but consideration of public welfare, and

good faith with the reader is our guide . . .

There are more than a dozen full time employees at the HERALD.

Mortgage payments, taxes, water, light, and garbage bills are paid by our staff on more than a dozen homes;

More than \$60,000 in salaries and wages are paid to HERALD employees annually.

There are more than 10,000 editors in these United States who weekly give depth to coverage of community activities.

Newspaper advertising revenues continue to surpass television, magazines, radio and billboards, according to statisticians.

The HERALD for a quarter of a century, has been recording the news of the day that will be history to-morrow, and has this summer brought the quality of our service, appearance and meaty contents to a standard of excellence of which we are proud, and we hope YOU ARE TOO!

We have violated the acceptable rule of 60% advertising and 40% news — we've near reversed that many times. We do have a payroll weekly and the revenue determines just how much news we may print. We ask for advertising because we believe it'll bring results in the HERALD.

We devote two pages to news of our high schools weekly now, we cover Church news — because YOU and YOUR FAMILIES compose these groups.

Why all this "listing of virtues"? Well, it's National Newspaper Week (Oct. 9 thru 15), and we are reminding you that Thomas Jefferson said:

"When the press is free and every man able to read, all is safe."

Mountain Home Opportunity

MOUNTAIN VALLEY FARM — 63 acres with 40 acres excellent pasture - house, barn, springs, fruit trees, at the head of a beautiful small valley with excellent mountain view and plenty of water.

Unusually good protection for a mountain home. One-half to three acre tracts can be sold off as desired or can be immediately subdivided. Less than three miles from Sylva, N. C.

Price \$22,500.00. Terms can be arranged.

We are told there is only one deed of record on this property since the original Spanish Grant. Present owner is a young Dentist raised on a neighboring farm who is opening an office in Franklin, N. C. and needs money to set up his office and buy a home.

Protection is due to this being the last farm up the valley road and just nobody goes up the road without being observed by the critical eye of the best neighbors one could have.

If this land were subdivided there would be practically no waste land and each home would be very close to the main stream which runs the year round.

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I see by the papers where the U.S. Office of Education has given the University of Connecticut \$8,886 "To Study The Relation of Thinking To Success in College." And, as some lawyers in the court house say, I was quoting it verbatim.

I have wrote to my Congressman to get the name of this fellow that runs the Office of Education. I aim to put in a request for about \$2,000 "To Study The Relation of Plowing to Farming." I figure these two items was first cousins in importance in the new Government "Research Program."

And I was reading where some fellow in Georgia, that was mad about his small town raising taxes, had wrote to the Appalachia doctors in Washington saying that when they get down to helping real one horse towns, his hand ought to have a high priority.

Incidental, Mister Editor, they was worse things than living in a one horse town, depending on the situation. I recollect reading one where this banker in a small town walked down the block to a service station to get himself a soft drink. Some rich city fellow in a big car drove up to get some gas. He struck up a conversation with the banker. "What's it like," he ask, "to live in a one horse town?" "Well," said the banker, "it ain't too bad when you're the horse."

But getting back to matters in Washington, I see by the papers where the Department of Commerce has ordered everybody working in this department to stop using the word "jobless." Automatic, from now on, we ain't got no jobless folks in this country. Them that wasn't working was to be known as "disemployed." I reckon a fellow that is disemployed is eating about as light as the one that is jobless, but the English language was in a new generation, as that soft drink commercial say.

I brung up these items at the country store Saturday night and Ed Doolittle said they wasn't no excuse for nobody being disemployed in the Great Society. Fer instant, said Ed, the papers was always talking about disemployed teenagers. He allowed as how any teenagers could let his hair grow out, get himself a untuned guitar, start singing through his nose and make the television circuit overnight.

Clem Webster reported he had saw a piece in the papers last week where those teenagers in this country spent around 15 billion dollars last year. They bought half of all the cameras and records, one third of all watches and radios, and 53 per cent of all movie seats. They might be disemployed, said Clem, but they kept pretty busy plucking Papa's pockets.

Yours truly,
Uncle Dan

Associate Grand Conductress Honored At Breakfast

Wednesday morning a breakfast in honor of Mrs. Lois Kent, Associate Grand Conductress of O.E.S. Grand Chapter of Florida, was given at the home of Mrs. A. B. DeGraw.

The rooms were beautifully decorated in the Autumn motif for the occasion. Approximately twenty-one persons attended the delightful affair. A breakfast menu, of eggs, bacon, coffee, orange juice, blueberry muffins and cranberry bread, was enjoyed.

On October 7th, at the regular meeting of the chapter, report was made of the Worthy Grand Matron's visit.

The refreshment committee, consisting of Mrs. Evelyn Allen, and Mrs. Mary McLendon, served delicious

refreshments of sandwiches and coffee to the twenty-nine persons attending.

The next meeting of the chapter will take place on October 21st, which will honor Past Matron and Past Patrons.

Junior Women Meet Oct. 12

An important business meeting of the Belle Glade Junior Women's Club will be held Tuesday, October 12 at 8 p. m. at the Civic Center.

The members will be presented a written proposed amendment to the bylaws, which will be studied and voted on at the November meeting.

The program will be "Youth Conservation."

O.E.S. Honored By Official Visit From Associate Grand Conductress

Preceding the official visit of Mrs. Lois Kent, Associate Grand Conductress of the Grand Chapter of Florida to Belle Glade Chapter No. 197, O. E. S., on Tuesday evening, Oct. 5th, a banquet was held in her honor at the Holiday Inn. The banquet table was beautifully decorated in Autumn hues. Brother W. J. Norris, Worthy Patron of Belle Glade Chapter, served as Master of Ceremonies. Fifty five attended the banquet. The Associate Grand Conductress was introduced as well as the other Grand Officers and Past Grand Officers who were seated at one table.

A delightful meal featuring ham and turkey was served to the guests. The attractive place cards featured little angels. Following the banquet a special meeting was held at Masonic Hall. The hall was beautifully decorated with pansies, daffodils, and sweet peas. Mrs. Lois Kent of St. Petersburg, Associate Grand Conductress of Florida who was serving as deputy for the Worthy Grand Matron was introduced and seated in the East. Also introduced were the following

Grand Officers and past Grand Officers: Mr. George Hastings of St. Petersburg, Past Most Worthy Grand Patron General Grand Chapter, and Past Patron of Colorado; Mrs. Thelma Hastings, Past Grand Matron of Colorado; Mrs. Freda McEwen, Past Grand Matron and Grand Secretary of the Grand Chapter of Florida of West Palm Beach, and Mr. Lewis Kent of St. Petersburg, Past Grand Patron of the Grand Chapter of Florida. Mrs. Ethel Roberts of Brandon, Grand Chaplain. Mrs. Mabel Brown of Plant City, Grand Marshall. Mrs. Lucille Grimes of Ft. Myers, Grand Ruth. Mrs. Agnes Greco, Grand Marsha, of Tampa. Mrs. Virginia Bixler, West Palm Beach, Past Grand

ven past patrons were introduced. Mrs. Georgia Anne Thomas received the degrees of the order. The Star Points gave a nice courtesy for Mrs. Kent. A tea pot was presented to her. With fitting remarks, each of the five star points presented her with tea leaves. The silver drill for her special fund was also presented to her, as was an honorary membership in Belle Glade Chapter.

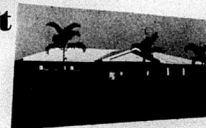

The address of Mrs. Kent using for its theme the wedding of Queen Elizabeth and Philip, concluded with the remarks that if "we do the best that we can, God will take our gift and make it valuable."

The refreshment committee, consisting of Mrs. Doris Binkley, Mrs. Dorothea Bowles, Mrs. Katherine Harris, Mrs. Ruth Stein, and Mrs. Arvie Mathis, served refreshments of cookies, minis, nuts and orange juice from a beautifully appointed table.

One hundred and one persons attended the meeting.

This is the house that U. S. Steel built

This is the FOREVER HOME: the home built for your way of life... and built to last a lifetime... brought to you through the miracle of research by United States Steel.

The heart of the FOREVER HOME is a steel structural system, with the same inherent strength found in skyscrapers and bridges.

The FOREVER HOME is engineered to save you money: on initial construction cost; on monthly utilities bills; and on maintenance cost. It is truly the best value for your homebuilding dollar.

Enduring Beauty with the strength of steel

The FOREVER HOME is available in three models: the "Floridian", 2,113 sq. ft.; or larger; the "Caribbean", 1,490 sq. ft.; and the "Jamaican", 900 sq. ft. . . . with custom elevations of all models.

School

This is a school. It is where human beings go to learn things they don't know. Besides human beings, there are some girls and a teacher. The teacher is there to see that nobody does anything and the little girls are there for stool pigeons. Once in a while you get a chance to stick a pin in one but another one always sees you, so you are teachers and have their own mob of stool pigeons.

At school you have reading, writing, arithmetic, spelling, history, and recess. Recess is so you can forget what you learned in the morning before starting something new. Reading is looking at words instead of pictures. Arithmetic is stuff like you have three, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, twenty-two, twenty-three, twenty-four, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-one, thirty-two, thirty-three, thirty-four, thirty-five, thirty-six, thirty-seven, thirty-eight, thirty-nine, forty, forty-one, forty-two, forty-three, forty-four, forty-five, forty-six, forty-seven, forty-eight, forty-nine, fifty, fifty-one, fifty-two, fifty-three, fifty-four, fifty-five, fifty-six, fifty-seven, fifty-eight, fifty-nine, sixty, sixty-one, sixty-two, sixty-three, sixty-four, sixty-five, sixty-six, sixty-seven, sixty-eight, sixty-nine, seventy, seventy-one, seventy-two, seventy-three, seventy-four, seventy-five, seventy-six, seventy-seven, seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three, eighty-four, eighty-five, eighty-six, eighty-seven, eighty-eight, eighty-nine, ninety, ninety-one, ninety-two, ninety-three, ninety-four, ninety-five, ninety-six, ninety-seven, ninety-eight, ninety-nine, one hundred.

You don't have to go to school in the summer but you have to start in September unless somebody burns it down. (But nobody ever does.) They make up for not making you go to school in the summer by giving you homework when they get you again. Homework is what your father does until it gets too hard, and then he says you are an encyclopedia so you can do it yourself. You go to school in the morning, and you have to stay until afternoon so it spoils the best part of the day unless you play hooky. Then you get your mother to write from your mother saying you were sick.

Grown-up people think you give the teacher an apple every morning, but that is propaganda put out by the teachers who like apples. If your mother gives you an apple for the teacher.

Maturity

The meaning of maturity often to a teenager is to be a young man or young woman, to do and to act as he pleases without interference from his parents. He thinks that he is able to conduct himself and act as an adult. This means to him that no one should tell him how to live his life. After all he is a matured person now.

The thing that hurts him most is to be told how to handle his problems and how to settle them. When he's told how to cope with his everyday affairs he feels hurt and dejected, thinking that he is being treated like a small child. Such things to him are insulting, not a help.

To mature physically means to change in body proportions and parts. As you grow up physically, you change not only in height and weight, but in all parts of your body. The facial features began to change giving the teenage a more adult look. If the teenager is a boy, he often begins to grow hair giving the suggestion of a beard. During the development of body proportions and parts, both the boy and girl develop qualities of adult appearance.

When you eat on the way to school unless you are a girl. Every month they give you a report card which you bring home. You get your father to sign it if it is good and your mother if it is no good, which is usually is. When you start to school again in September, they give you a brand new teacher as a list on is worn out and get married. She is like the old teacher except she knows more.

Taking A Test?

During this time of the school term numerous tests are being administered and subjects (persons being tested) are literally in "jitters". This jittery reaction most often is a result of lack of self-preparation and rest. One usually loses self-confidence when ill-prepared for anything.

So you are going to take an achievement test or a mental maturity test? Try the following suggestions and see if some of them help you to overcome your nervous tense numb feelings aren't eradicated the eve and morn of the test.

1. On the eve of the test, get a good night's rest. Do not burn the "midnight oil" on this particular night.

2. Be sure to arise early the morning of the test so that you can eat a good breakfast and get dressed in a relaxed manner. Rushing often makes one tense and results in a headache even if there is no test to be taken.

3. Arrive at the designated testing place on time with necessary apparatus ready.

4. Read the instructions carefully and note that the directions will usually vary from part to part.

5. Budget your time wisely. Don't forget that every test has been so constructed that no one will be able to answer all of the questions. Therefore, do the ones you are sure of first and spend the remaining time solving the questions that are more difficult.

Curriculum Extended

Along with the new school year came a variety of courses not offered to students at Lake Shore High in previous years.

It is my hope that the students take full advantage of these courses for they will benefit them greatly.

These new courses and full descriptions of each are as follows:

Foods and Nutrition taught by Mrs. L. V. Mack, includes a study of the basic principles of good nutrition, as it applies to planning, preparing and serving meals. The major emphasis will be placed upon raw material needed for foods in quantity.

Costumes taught by Mrs. L. V. Mack, includes a study of the basic principles of good nutrition, as it applies to planning, preparing and serving meals. The major emphasis will be placed upon raw material needed for foods in quantity.

Clothing and Textiles taught by Mrs. L. V. Mack, includes a study of the basic principles of good nutrition, as it applies to planning, preparing and serving meals. The major emphasis will be placed upon raw material needed for foods in quantity.

Embroidery taught by Mrs. L. V. Mack, includes a study of the basic principles of good nutrition, as it applies to planning, preparing and serving meals. The major emphasis will be placed upon raw material needed for foods in quantity.

Knitting taught by Mrs. L. V. Mack, includes a study of the basic principles of good nutrition, as it applies to planning, preparing and serving meals. The major emphasis will be placed upon raw material needed for foods in quantity.

EDUCATION vs. RELAXATION

Wondering about your previous summer vacation from school? You may probably say, "I sure went by fast. But think again, if vacation time is over, so is your summer."

Interested In D. C. T. ?

In the last year's D. C. T. Program at Lake Shore High School of Belle Glade, there was an enrollment of nine (9) students in the program for the year. During the year, the students had a total of 1,567 hours or an average of 174 hours each in general related study, and in specific related study, the students had a total of 1,382 hours or an average of 154 hours each.

These students worked a total of 7,497 hours on the job training. The total amount of money made by all students during the year was \$7,749.69, giving to each student enrolled, an average of \$861.07.

All students that were in the program satisfactorily completed the year's training for the school term of 1984-1985.

F. H. A. Club Organized

On July 15, the N. H. A., in Florida merged with the F. H. A. Our chapter is now known as F. H. A.

We are in the midst of our "Quotation Anyone"

If you like quotations, you are sure to like this club. Below, a list is prepared for you to examine your knowledge of famous quotations and authors. Put the correct alphabet at the left of the right quotations.

1. "These are the times that try men's souls"
2. "The British are coming"
3. "Beauty is its own reward. Being a form of peace"
4. "Be strong, quit yourselves like men"
5. "Beauty is truth, truth is beauty, that is all ye know on earth, and all ye need to know"

Authors
A. Paul Revere
B. John Keats
C. Robert, Nicholas
D. Thomas Paine
E. William Shakespeare

Answer (1-D, 2-A, 3-C, 4-E, 5-B)

types of letters, mechanical lettering, trade symbols, and poster design.

Commercial Art taught by Mr. E. Garrett, is the foundation course for commercial art. The basic stimulation and the development of the student's visual perception, and creative powers are the primary aims in this course. The student is taught to see and understand what he is doing and why.

Methods of advertising and design fundamentals for becoming an advertising artist are introduced keeping in mind that the advertising artist is simply one of the important members of a team of advertisers. It is hoped also that some students might become interested in some of the other related fields, such as art director, copywriter, sketch artist, typographer, printer, letterer, illustrator, photographer, or engraver.

Studying your lesson is not like swimming. You aren't supposed to plunge in to the book and come up because you're tired. You plunge in and come up after you've comprehended something.

Speaking in class is not the least bit similar to talking with your friends at home. Instead of telling them what you did last night, tell them what you comprehended from your literature or history book. Being mischievous at school is worse than being mischievous at home. You should take under consideration that there are other students at school, and what you may say could very well turn out to be a tragedy.

So fellow students, let's remember to leave all the day-relaxation for summer. Relax these days only when we have done our work at school. No matter what it is, I'm sure education would win the struggle; so let's get this education; for who wants to be on a losing team?

Maggie Fuller

Bobcat Captain Speaks

As Captain of the 1985 Bobcat Football Team I believe that we have a very good chance to go all the way this year (win all games) because of the following reasons:

The excellent team work that we have going for us, the wonderful coaching staff, the great conditioning program that we have, the spirit of the team and the confidence of the whole school.

On offense we have some of the best running backs in the conference, who can break free on any given plays. On the forward wall, we get a superb blocking team from our linemen who help to spring the backs free. And the connection between our quarter back and ends gives us a good one two attack. (Running & Passing) We have won four games due to these reasons I have mentioned.

The Bobcats believe that together we will win but divided we will lose.

Sheridan taught by Mrs. Nancy G. McClain, is a foundation course for practical work in dictation and transcription and is designed primarily for business vocations. It is offered to those students who have completed at least two years of typewriting. The minimum speed attained should be 80 words per minute.

This course is also designed to develop the ability to produce reliable copies at an acceptable rate or speed for vocational use; to develop the ability of the student to perform the basic techniques of transcription which includes coordination of shorthand, typewriting and English grammar, and to develop desirable character traits which will aid the students in becoming successful office workers.

Creative Writing taught by Mrs. Mary T. Harden, is designed to help students who have the innate ability to write and share their personal feelings and opinions. The course is designed to

The victorious Bobcats of Lake Shore High won their fourth game Saturday night October 2, 1985, when they met the Tigers of Gliford, Florida, with a score of 47-0.

The touchdowns were made by Ronald Cook, Charles Walker, Charles Daniels, Daniel Parrish and James Freeman. Extra points were also made by R. Cook, Frank McCarty and J. Freeman.

Ronald Cook caught two touchdowns passes, running one for 35 yards and the other for 15 yards. James Freeman ran a 55 yard touchdown and then came back with a 12 yard touchdown. Charles Walker scored on a 20 yard pass from Charles Haynes, and Daniel Parrish scored on a 3 yard pass.

James Freeman and Ronald Cook were the outstanding players in the game with Cook running two touchdowns and James Freeman running 4 touchdowns.

The Bobcats have a record of 4-0 for the season. Note: We the loyal Bobcats of Lake Shore High are wishing the best of everything to you in the Conference as well as the conference games. The cheerleaders leave you with this motto: Go Team! Go! Fight Team! Fight! Win the game! Let's go! Let's go! Let's win!

Good Grooming Tips

What makes a girl attractive? Being well-groomed and sweet-smelling comes high on the list. This is what good grooming, the art of caring for yourself, is about.

Caring for yourself is very second nature. It takes, so make good grooming a habit. Good grooming pays off in both prettiness and personality, when you take a giant step toward being really attractive to other girls and to boys.

In the morning, a shower or a full tub bath. Choose one and stick to it regularly. Beauty is only skin deep, and good grooming is one of the essentials needed to keep this beauty. A well-balanced diet, plenty of sleep, eight to ten hours every night also aids in keeping beauty indefinitely.

Beauty and good-grooming are available to all girls, except those easily discouraged. This is just one in a series of many on good-grooming and manners to be discussed. Be clean! Be sweet! Then you are nice to meet.

Junior High Students Rebel

Stop! Look! Read! Are you tired of being classified as "puppies" and "dogs"?

Open your eyes and read these hints so that we can meet the standards of the Senior High Dept. 1. You must give respect in order to get respect.

2. Act like ladies and gentlemen regardless of the circumstances; whether: 1. in home room. 2. at school activities. 3. at social affairs. (in community) 4. at home.

3. Be attentive at all times. You should also be trustworthy, loyal and punctual. But most of all be yourself. Do you think that anyone will have the nerve to call us puppies and dogs if

Thoughts And More

"Some students drink at the fountain of knowledge — others just gargle."

"Yesterday has passed; tomorrow is just a possibility; today is now."

It is not only the I. Q. but the I. WILL which is important in education."

"Yesterday has passed; tomorrow is just a possibility; today is now."

Students Plan School Menus

The committee from Mrs. Litchfield's class that presented the menu to Mrs. Joe Connell, lunch manager, are shown seated left to right: Millie Kirchman, Linda Spooner, Patricia Hodges Brenda Bass, Mary Williams and Dee Dee Mikovsky.

Students Compete For Scholarships

Palm Beach County Seniors and High School Graduates will vie for Scholarships. Entrants will take the tests at Palm Beach High Auditorium on October 19.

The applicants for the Nursing Scholarship has a choice of four different types of Scholarships. They are the Practical Nursing Scholarship which is \$300.00 for one year, the Professional Diploma Scholarship, \$300.00 for three years, the Associate Degree, \$300.00 for two years or the Basic College Scholarship which is \$500.00 for four years.

F. T. A. Plans To Attend Meeting

At the last F. T. A. meeting plans for traveling to the District Meeting and the Cadet Teaching Program were discussed.

It's THAT Time Again!

Although some students feel as though they're only been back to school for a couple of weeks or so, many complain that it seems like they've been back for MONTHS!

As most students were aware, our six-weeks testing period was October 11, 12 and 13. On Monday, tests were given for periods 3 and 4. On Tuesday, tests for 5 and 6, and on Wednesday, test for 1 and 2 were given.

Usually, the first six-weeks period is the most difficult for a lot of students, since this is the time for their back-to-school adjustments and also for settling down and getting to work.

Seniors Prepare For Future

One of the many tests given to the seniors through the year is the Senior Placement Test. This test will be administered to all seniors in Florida early in the school year.

Scores are reported in percentiles. A possible score of 495 can be made. A score of 300 or above is necessary for admittance to a state supported college. It is possible the score may be raised to 350 this year.

Gossiping Gandy

Eddie V. will you please tell us how to strike it rich with two pieces of paper? I hear we have a new "Ringo" in town, how about this Jeanette R?

Sandra F. who has been coming over to your house lately? Could he drive a G. T. O?

There's a beautiful new two story, house going up on N. E. 3rd Street, which will be occupied in December. The question is, when will all four bedrooms be filled.

Pat B. and Carlos V. it seems you'll have gotten together with crutches! It seems as though crutches shoot powerful spitballs.

What happened in the Junior Class elections? Its about time for all the girls to get together and talk things over.

Rebecca M. and Vicki C. when did you get so interested in drawing? Let us in on the secret.

Diane L. what made your hair shorter?

C. Trisbaud and B. Buckner, I hear you were so overwhelmed by the Forest Hill players that you lead them on the field! Could this be true?

"Real" flat tire kept Kathy O. and Sandy G. out late the night of the Okeechobee game.

It seems that all the SENIORS are broke this week of a nut!

Laurie J. what's this I hear about you almost running laps for Mr. Browning on do you do your home work now?

It seems as though Archie K. George R. Jimmy A. Wayne C. and Rheid W. planned to go hunting, but spend their time getting the jeep out of a rut!

We hear that Mr. Morris' mother-in-law recently underwent surgery. We hope she gets well soon.

Someone should start a babysitting service for Friday nights. Many teachers would be interested.

It seems as though every day fifth period, Christmas songs are heard coming from the Glee Club class.

GOSH! Thanksgiving isn't even near yet!

Susie R. can really make it home on time for a certain phone call.

There seems to be some type of interest in Pahokee that attracts Brenda W.

Frances C. is it really the lumber you like so much at Lindsey Lumber?

Hornets Squashed By Power-Driven Rams

Baby Rams Try For First Victory

The JV football team will fight a tough Seacrest squad here today to try for their first victory of the season.

They will have to win their last three games to end the season with a 500 percentage.

Come support the Rams.

Student Council kicks off the 1985-86 school year with a series of an upcoming Football Festival. Floos will be made by students for the festival.

Each class elects two representatives, which are a king and a queen. Representatives will attend the floos. The date has not been decided upon.

Every morning the school store is opened for the benefit of the students. A student council representative is in charge of the store each week.

Set up by the student council, the purpose of the student reserved seats at the football games is to encourage more pep and enthusiasm from all students.

Part of the money received from the first project of the year will go to send a deserving student council representative to the state convention. Sponsoring the dance after the Firest Hill football game was the first project.

Student Council is also in charge of displays, on the plaques of the magazine sales. Cuban flag and the John Hancock Charter.

The club has high hopes this year and has some projects planned. Included are the concession stand during the Stuart game and the dance after the Pahokee game. Also, field trips and visits to places of scientific interest are scheduled.

At the present, the club meets twice a month. There are approximately fifteen members. Students in grades nine through twelve who are interested in joining should do so as soon as possible by contacting Mr. Alderman. One meeting a month is for business and the other deals with the educational program.

Social and business committees have been formed.

The J. V. Rams dropped their first home game last Thursday to the Stuart Tigers in a hard fought contest.

Sophomore Gerald Watson opened up the scoring in the second period with a 55 yard dash around the left end for the scoring tally. Freshman Harry Huto kicked the extra point.

Stuart with 55 seconds left in the half scored with a pass. The half ended with the Rams leading 7 to 6.

The Rams came back fighting in the second half but Stuart added two touchdowns in the fourth period to defeat the Rams 18 to 7.

Art Club Helps Publicize National Lunch Week

The Versatile Art Club met last Thursday evening to make plans for posters to publicize National Lunch Week.

The members also worked on designs to use for decorating the After-Game

Bryant Davis and Ray Sullivan led the Golden Rams on to victory last Friday night with a 16-0 win over Riviera Beach Hornets.

Davis and Scotty Markham, defensive halfbacks, repeatedly intercepted passes thrown by Mike Joslin.

Tony Latour sneaked across for the first touchdown with 3:21 to go in the second quarter. Sullivan kicked the extra point.

Sullivan dropped back to the 20 yard line and kick for the first field goal of the season for the Rams with 8:58 remaining.

With less than three minutes to play, Markham intercepted a Joslin pass. Latour dropped back and threw a 25 yard pass to Davis for another touchdown.

Joslin was being thrown for heavy losses on three occasions when the Rams threw up a very strong and capable defense in the second half.

Gary Walker made three interceptions for the Rams by catching a Joslin pass on his own 10 yardline and returning the ball to the 34 yardline.

Mr. Leroy Alderman, new Biology teacher is in charge of the school sponsored Science Club this year.

Officers have been elected and are as follows: El-ed Keese, president; Henry Molina, vice-president; Sue Dean, secretary-treasurer; Bryant Pric, student council representative; and Bill Phillips, program chair man.

Hornets were ready to make a mighty comeback, but were stopped short by the rampaging Rams.

There were 17 passes attempted by the Rams and only 9 were completed. The Rams intercepted four passes. Rams gained 131 yards by passing, while 13 penalties which cost them 130 yards, cancelled itself.

So far the Belle Glade Golden Rams have not let down their fans. We're looking forward to a winning season this year!

With less than three minutes to play, Markham intercepted a Joslin pass. Latour dropped back and threw a 25 yard pass to Davis for another touchdown.

Para Medics Give Pot Luck Supper

In honor of the new members, a pot luck supper was given by the Para Medics Club last Wednesday, October 9. Hand books, outlining the years activities were also distributed.

The newly elected officers for the 1985-1986 term are Mary Kate Ponder, President; Patricia Williams, vice-president; Tanya Croft, secretary; and Janice White, treasurer.

The first business meeting of the year will be held at the hospital on the 19th of October.

Some work was done on the blocks being prepared for the Pato mural. This mural will be a major club project for this year.

Support The Rams

DCT-DE Program Has Expanded

The most unusual course in our curriculum this year is the expanded DCT-DE program. Thirty-five seniors have enrolled in this three credit course.

The Diversified Cooperative Training program is worked out in such a way that students have two academic courses in the morning followed by two periods of DCT classroomwork.

There are two different types of DCT classes. The general class deals with individual improvement of personality, appearance and social manners. Job training and techniques are studied in the specialties class.

At 100 students report on-the-job training. There are twenty-four local businesses that employ DCT-DE workers.

Glades General Hospital, Everglades Federal Savings

and Loan, and the Experiment Station have hired DCT students this year; they have every year since the program began in 1959.

Royal's Department Store is training two students and Kwik Check employs three. Five students work at the Hospital.

These businesses employ one student each: W. T. Grants, Diana Shop, Glades Auto Supply, Glades Bowling Lanes, Hendry Tractor Company, Glades Machine Shop, Badcock's Furniture, Western Auto, County Court House and the B&B Supermarket.

Pioneer Growers, Glades Sugar House, Dr. Fleish, White's TV, Flowers by Creech, and Glades Chevrolet also employ one student each.

New to the DCT program this year are Wedgworth Growers, Rinker Construc-

tion Materials and Week's Certified Public Accountant Office.

The DCT course is taught by Mr. J. B. Ward. The DE department, by Mr. J. Haynes. Distributive Education deals solely with sales and service.

In addition to the school program there is also a Club. Election of club officers took place on September 23 after nominees had campaigned. Lamar Groves was chosen as president, Linda Sue York, vice-president; Linda Stewart, secretary; Linda Huggins, treasurer; Kathy Fergusson, historian and reporter; Tony Chaney, chaplain; and Joyce Dadeau as social director.

All DCT-DE students will travel to Vero Beach November 28 to represent Belle Glade at the district convention there.

CROSSWORD PUZZLE

LAST WEEK'S ANSWER

Page 8B THE HERALD, Belle Glade, Fla. Oct. 14, 1965

FOR THE FAMILY
MANAGER

IT'S AN IDEA
HOME DECORATIONS

ITEM: Redecorating for fall? One way to start is to get rid of the dust-catchers around your house. Take an inventory of vases, statuettes, figurines, and the whatnots on your whatnot shelf. If these items attract more dust than they do admiring glances, be firm. Toss them out and choose one or two newer objects that with simpler lines for simpler upkeep.

ITEM: When sewing with cotton corduroy, match the ribs like stripes. Cut all pattern pieces for a corduroy garment with the pile running one way—either up or down. When the pile runs up, the effect is a richness in color. A pile that runs down will have a softer, shadowy look.

ITEM: If your bathroom is on the side of the house away from the sun, try decorating it with warm soft colors like tan or yellow, to give it a cheery look. Blue or green are good for a room with a sunny exposure. Today's colored fixtures enable you to create any decor you desire.

This combined kitchen and family room has a food preparation and storage area in the foreground. Here is a kitchen treated in such a manner it doesn't look like a kitchen. Full open area flowing around the central fireplace serves both sides of the room. The floor is textured Colonial Brick in woodstock white, easy-to-care-for solid vinyl. Across the rear of the room is a contemporary window wall with semi-sheer casement curtains.

FOR AND ABOUT TEENAGERS

by C. D. Smith

Parents Say 'No' to Sunday School

THE WEEK'S LETTER: "I still say I can never go back to Sunday School but must go where they say until I grow up. I'll soon be 18. Don't you think I should be allowed to go where I want? What should I do? I like this girl very much and I cannot quit her as easily as my parents think. What should I do?"

OUR REPLY: Examining your conscience very thoroughly. Determine if you have been honest with yourself and with your parents. Have you, perhaps even subconsciously, been using Sunday School as an excuse to see this girl? Would you still use it as an excuse if such were possible?

If your parents object to the girl, they have a reason. It may be nothing more than the fact that they do not feel you should become too interested in any girl. See if you can, by approaching your parents sensibly and matter-of-factly, find the reason. Be prepared to look at things from "their side of the fence" — remember they have a responsibility to do not that which makes you happiest, but that which is best for you.

If you have a teenage problem you would like discussed or an observation you would like to make, write to FOR AND ABOUT TEENAGERS, COMMUNITY AND YOUTH SERVICE, FAIRMONT, N.Y.

\$8,000 FOR AN APARTMENT IN SON'S HOUSE? ... MAYBE

"We've also decided to spend \$8,000 to build an apartment on the home of our married son, and then move into it for our retirement..."

But the man is worried about it. So is his wife.

"I will be retiring early next year," he says. "My total income will be about \$340, and if I should die my wife would end up with about \$170 a month. We don't own a home, but we have savings of close to \$14,000."

"On our \$340 income we could not rent quarters as nice as the \$8,000 apartment would be. My wife would fare worse on her \$170. Also we like the idea of being so close to our son and the grandchildren. Our worries lie in the fact we will be surrendering over half of our savings and we aren't sure we could ever get the money back, and in the warning that retired parents have no business living under the same roof with their children..."

Under the arrangements being discussed with the son and his wife, the parents would occupy the apartment free for life. They would not have to pay any utility bills. They would furnish the apartment with their own furnishings—refrigerator, stove, everything.

Our son and his wife aren't looking for profit on our arrangement. And of course we aren't," the man says. "But there are definite advantages for both parties."

This retired couple may have a splendid deal in the works. But before you, or anybody, makes such a deal, you should go down the following list and check off each item to your satisfaction...

...because few allowances are made for people who have lived for 55 years to be stupid:

1. Get a firm contract on construction of the apartment to make sure it will be built, no matter what, for the \$8,000 price, and will be completed by a certain date.
2. Kiss the \$8,000 good-by, because when you have added improvements to somebody else's real estate title you seldom can make a legal claim against it.
3. Since you are, in effect, making your son \$8,000 richer, make sure any other children you have know what's up... and approve.
4. Do all you can to design the apartment as a first-of-its-kind addition to the side or rear of the house and not an upstairs arrangement. The stairs may not matter now, but they will in 10 years.
5. Make sure the apartment is complete within itself, with bath, kitchen etc., and that it is fully isolated from the son's family.
6. Is there any chance that the son might be transferred out of town on his job and want to sell the house? If so, don't take a chance with your \$8,000.
7. In this written agreement, have a clause guaranteeing your status in the apartment in case your son should die and his wife remarries. Nothing is set going to happen—but it does. And new husbands don't think much of their predecessor's parents.
8. Have a general understanding with the son and his wife that both parties will come and go as they please, will look in on each other only on occasion, and will lead separate and independent lives.
